Billion Dollar Flood Disaster In Kansas Area

Kansas City Area Now Paralyzed By Record Flood

(BULLETIN)
KANSAS CITY, MO., July 14.—(INS)—The nation's worst flood in 14 years today left some 125,000 persons homeless in Kansas and Missouri, and inundated thousands of homes, businesses and industries in hundreds of cities and towns.

Army engineers estimated the damage from the raging rivers in the two states was approaching a billion dollars.

KANSAS CITY, MO., July 14.—Surging flood waters boiled through smashed dikes in the twin cities of Kansas City, Mo., and Kansas City, Kan., today in a billion dollar disaster paralyzing the metropolitan area of 900,000 population.

The rampaging Kansas (Kaw) river, swollen by heavy rains, touched off gasoline explosions and cut in half the water supply for 600,000 persons on the Missouri side.

Mayor Carlton K. Cheek of North Kansas City ordered immediate evacuation of his town when the weather bureau warned of thunder showers expected to continue throughout the day.

An official emergency was proclaimed in Kansas City, Mo., with all non-essential businesses ordered to close and all residents not on emergency business told to remain at home.

A raging fire—started yesterday when oil storage tanks were bowled over by the onrushing river—blazed through the night and this morning ignited a big alcohol plant.

Flames covered a two-block area (Continued on Page Twelve)

Work of lining the highways of the county has been completed by the state highway workers. A mechanical device brought into the county aided in the work immensely, helping to get it done much quicker than the old hand method.

Lawn sprinklers were called into play on the large court house lawn this morning, it was noted by Pa New. It was one of the few times this year that artificial watering was necessary on the large expanse of grass.

Cars from almost every one of the 48 states have been observed locally over the past few days, indicating that tourist travel is really at its peak. Cars of all makes, sizes and ages have been called into play by the fun seeking families. Some really older models have come long distances and look none the worse for the wear.

It is noted that state is being applied on the roof of the new Central Presbyterian church, on the Wilmington road. The congregation had hoped to occupy the (Continued on Page Two)

Area Hit By Kansas Flood

KANSAS.—The worst flood in this sector's history inundated the cities of Kansas City, Mo., and Kansas City, Kan., bringing near paralysis to inhabitants throughout the area. Extremely heavy rains during the past few weeks caused the Kansas river to rise to a crest of 37 feet, causing an estimated damage between \$500,000,000 (million) and \$1,000,000,000 (billion). To meet the emergency, Washington has ordered the United States Air Force to rush food, serum, and life rafts to aid the approximately 50,000 residents made homeless in the isolated cities and towns shown on the Newsmap.

Urges Gen. MacArthur Be Called On Air Force Plan

By WILLIAM THEIS
(U. S. Staff Correspondent)

WASHINGTON, July 14.—Senate GOP Leader Wherry urged today that Gen. MacArthur and other experts be called to testify on a proposal to beef up the air force to 150-group strength at a three-year cost of 96 billion dollars.

The Nebraska Republican gave his wholehearted support to expansion of the air force above its requested 95-group level. But warned that the army and navy could not be expanded, too, and still preserve the nation's economy.

Proposal Made

The 150-group proposal was laid before the Senate armed services appropriations subcommittee by Sen. Lodge (R) Mass., who pleaded for its adoption to prevent "future Koreans."

Chairman O'Mahoney (D) Wyo., approved the lodge objective and said it has been his opinion "for a long time" that the 95-group program was inadequate.

O'Mahoney said he will call the (Continued on Page Two)

GIRL IS KILLED

LITTLESTOWN, Pa., July 14.—(INS)—A 19-month-old girl was killed yesterday when the automobile her father was backing out of a driveway ran over her.

A state police said the father, Herbert L. Nichol, of Littlestown, R. D. 1, did not know the child was behind the car. She died en route to Gettysburg hospital.

U. N. Forces In New Advance In North Korea

Attack Takes Place In Kumson Sector, East-Central Front

By DON DIXON

(U. N. Staff Correspondent)
EIGHTH U. S. ARMY HEADQUARTERS IN KOREA, July 14.—The United Nations limited objective attack on North Korea's east-central front pressed forward Saturday after two days of advances, meeting what the Eighth Army called "light to heavy" Red resistance.

In the air two Allied warplanes were shot down, a third was damaged and a single B-26 night bomber made one of the war's most devastating single strikes against Communist vehicles.

The Far East Air Force said in its operational summary covering the 24 hours ending at midnight that two Marine aircraft under operational control of the Fifth Air Force were shot down. Fate of the pilots was not disclosed.

Superior Force also disclosed that a Su-26 on a 13-plane strike north of Pyongyang "was damaged by flak but completed its mission and returned to base."

On the ground there was no contact between Allied and Communist patrols in the western sector where cease-fire talks were held earlier in the week. But 70 miles to the east a United Nations division pressed north in its attack south of the Communist bastion of Kumson.

The Eighth Army's Saturday morning communiqué said artillery and air strikes were helping ground troops drive the enemy northward. The communiqué reported that "light to heavy enemy resistance was encountered" in the area.

Red Resistance Increases
Increased Communist resistance also was reported farther west above Hwachon, where UN troops clashed with enemy units up to company size.

Allied warplanes mounted some (Continued on Page Two)

Battered Body Of Missing Girl Is Found Today

LOS ANGELES, July 14.—(INS)—The 10-day search for blonde and beautiful Betty Jean Hansen ended today with discovery of her battered body alongside a lonely road at Newhall, 35 miles north of Los Angeles.

Deputy sheriffs said the badly decomposed body of the 20-year-old "love-kidnap" victim had lain in a water-filled gully "for several days."

Identification of the body, discovered by a family of picknickers late last night, was made through clothing and jewelry.

Hunt Stepfather
The finding of the body led police to renew their search for Frank W. Kristy, 48-year-old love-crazed stepfather of the victim, who kidnapped her at gun point last July 5 and drove off with her in the girl's car.

The 1942 club coupe was found opposite McCarran airport last Tuesday leading officers to suspect that Kristy had killed the girl shortly after leaving their paramour, Calif., home, disposing of her body in the Newhall gully and then hopping a plane for the East.

All-points bulletins for the house painter were flashed out on a coast-to-coast police hookup giving a minute description of the heavily-tattooed man.

Head Bashed In
The body was returned to a Los Angeles mortuary by sheriff's deputies who said the head had been bashed in. They added there was a possibility Betty Jean had been shot through the chest, but would not know definitely until an autopsy had been made.

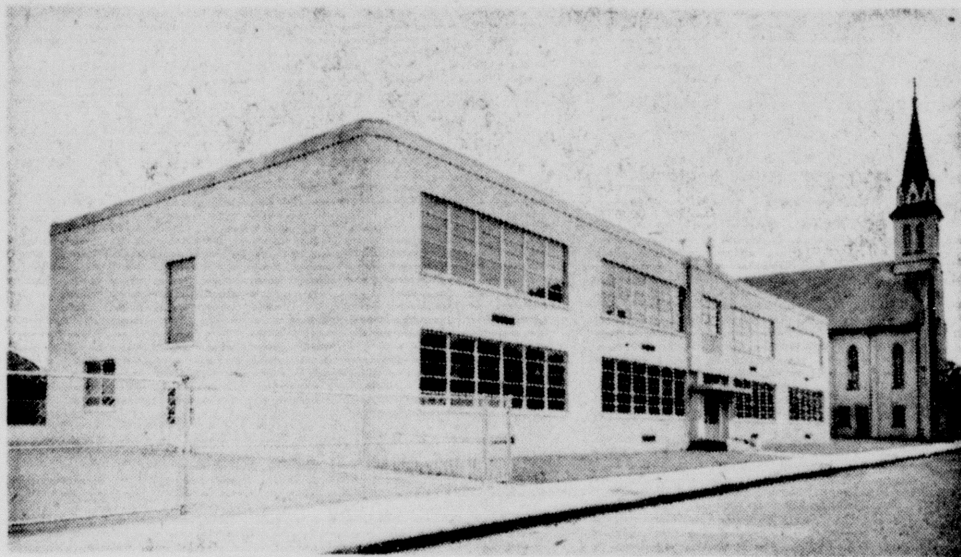

The sobbing of the victim's mother and wife of Kristy, Mrs. Margaret Frances Kristy, 38, identified her daughter through jewelry. Betty Jean was wearing a watch with the inscription "Betty Jean Hansen" and near the body police found a cigarette lighter with "FWK" engraved thereon. Mrs. Kristy identified the lighter as belonging to her husband.

NEWLY ERECTED ST. VITUS PAROCHIAL SCHOOL

St. Vitus parochial school—one of the new and most modern buildings in New Castle, will be dedicated on Sunday, July 15, at 3 p.m.

Valued at \$250,000 when fully completed, the school, a fine-looking two story buff brick building, is located together with the church rectory and convent, comprising an entire block on South Jefferson street, between Maitland and Home streets.

The school's firm foundation is

made up of solid masonry walls, steel joints, windows and reinforced concrete floors with limestone trim.

The Most Rev. John Francis Dearden, D.D., Bishop of the Pittsburgh diocese, will preside at the elaborate ceremonies on Sunday afternoon. Assisting Bishop Dearden during the blessing and dedication services will be members of the clergy, all former parishioners of St. Vitus church.

Rev. Fr. Thomas J. Quigley,

M.A., P.H.D., diocesan superintendent of schools, Pittsburgh, will deliver the address.

Excellent Layout

New Castle can well be proud of the St. Vitus parochial school building. Its outward appearance adds to the city's civic pride. The large playing area around the school has been completely fenced in for safety and privacy. The playing area is hard surface, which enables the area to be devoid of (Continued on Page Nine)

Speculate On Cohn's Mission

Sails For Italy On Secret Mission

NEW YORK, July 14.—(INS)—Roy M. Cohn, confidential assistant to U. S. Attorney Saypol, sails today for Italy on a secret government mission that promptly provoked speculation.

The assistant U. S. attorney said only that his trip was "a confidential mission for the department of justice."

Speculation ran the gamut from red-chasing to action in connection with Charles ("Lucky") Luciano, exiled narcotics baron.

Cohn lately has been active in the pursuit and prosecution of the leaders of the Communist party in America.

Eight of the communist leaders were missing and sought internationally by the federal government.

The search was known to have reached across borders into Mexico, Canada and overseas to Cuba.

Speculation on the possibility that Cohn was red-chasing took into consideration the fact that Italy is a stronghold of communist forces.

The federal government also was known to be actively trying to break the dope import trade that has been preying on America's Youth.

Bulletins Of News Of Day

NEW YORK, July 14.—(INS)—Fifteen Communist party leaders—the "second string" chiefs of the group in the U.S.—were free on bail today but 14 of them face a new court hearing Monday on whether their bail should be revoked or not.

WASHINGTON, July 14.—(INS)—The sponsor of the House control bill today called upon consumers to write their congressmen "if they want strong price and wage controls."

WASHINGTON, July 14.—(INS)—Responsible sources said today that Gen. Matthew B. Ridgway has the full support of the U. S. Government in his termination of Korean peace talks until the Communists show more good faith.

WASHINGTON, July 14.—(INS)—The McCarran anti-subversive committee scheduled more closed-door hearings on the Institute of Pacific Relations today after hearing Owen Lattimore, an IPR trustee.

FLUSHING MEADOW, N. Y., July 14.—(INS)—The United States spokesman at the United Nations made it clear today that the world body will not surrender to the Communists on basic principles of a unified, independent and Democratic Korea.

HARRISBURG, July 14.—(INS)—A routine session of the General Assembly next week is anticipated today in legislative circles when lawmakers return to the state capitol in the longest session in 109 years.

More State Department Officials Are Suspended

WASHINGTON, July 14.—(INS)—An additional and unidentified number of State department officials were under suspension today as security risks.

The suspensions were announced by Secretary Acheson in the wake of similar action taken against John P. Davies Jr. and Oliver Edmund Clubb whose hearings will be held July 23 and 31, respectively.

Acheson declined to name the other suspended officials. It was explained, however, that the charges against all of the officials involve security instead of loyalty.

Davies, 43, is a son-in-law of Ambassador to Iran Henry F. (Continued on Page Two)

Early Resumption Of Truce Parley Is Now Looked For

WASHINGTON, July 14.—(INS)—Washington officials are optimistic today that the Korean truce talks can be resumed within hours and progress can be made if the communists live up to their agreement to end restrictions on the UN delegation.

These officials are highly gratified at the Red acceptance of conditions laid down by Gen. Matthew B. Ridgway for resuming the cease-fire negotiations.

But they made it clear that Ridgway has their strong support in dealing firmly with the Reds to block communist attempts to use the talks for propaganda purposes.

U. S. B-29s Will Land Today In North Africa

CASABLANCA, July 14.—(INS)—Giant U. S. Airforce B-29 superfortresses will land for the first time today in North Africa at Nouaccour, air base near Casablanca, in ceremonies that will inaugurate the new French-American air base.

A flight of superfortresses and 20 Sabrejet fighters will land on the field's first 11,500-foot concrete runway for ceremonies that will coincide with France's national holiday—Bastille Day.

Reportedly the Nouaccour base and one at Khaldé, Lebanon, are the only American bases in North Africa or the Near East that are capable of handling the latest heavy bombers without any difficulty.

An 18-mile-long pipeline from Casablanca to the air base to supply gasoline is now under construction.

Gen. Ridgway Awaits Receipt Of Official Message Before Acting

UN TRUCE CAMP NEAR KAESONG, July 15.—(Sunday)—(INS)—The Communist high command Saturday night accepted Gen. Matthew B. Ridgway's terms for resumption of the Korean truce conference and newsmen were alerted to be ready at 7 a.m. today (5 p.m. Saturday EDT) for possible renewal of the talks.

By HOWARD HANDLEMAN
(Far Eastern Director, U. S. S.)

UN TRUCE CAMP NEAR KAESONG, July 14.—The Communist high command tonight accepted Gen. Matthew B. Ridgway's terms for resumption of the Korean truce conference and thus cleared the way for possible early renewal of the suspended talks.

The Pyongyang radio aired the text of a note in which the Red leaders agreed "in principle" to withdraw their troops from Kaesong, demilitarize the conference site and give free access to Allied delegation personnel including 20 newsmen.

The broadcast, heard at 9 p.m. Saturday (7 a.m. EDT), said the communication was sent to Ridgway, United Nations military chief, by the top Red commanders, North Korean Premier Kim Il Sung and Chinese Gen. Peng Teh-Hua.

As quoted in the Korean-language broadcast, the note acknowledged receipt of Ridgway's message Friday, laying down the conditions under which the Allied del-

Guardsmen Still Patrol Rioting Areas In Cicero

CHICAGO, July 14.—(INS)—A tense, uneasy peace—enforced by bayonets and barbed wire of National Guardsmen—reigned today in the Chicago suburb of Cicero, scene of violent anti-Negro rioting.

Steel-helmeted soldiers constantly patrolled the half-mile square surrounding the embattled building at 6139 West Nineteenth street where Harvey Clark, 29-year-old Negro war veteran, had rented an apartment for his family.

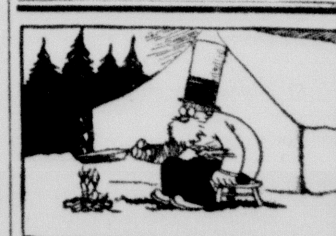

More than 70 persons—14 of them juveniles—were arrested last night and early today for ignoring curfew.

Those tiny seeds of some weeks ago are spreading their way around, they're plants of size and a picture too as they take up their share of ground. They fought the frost and the early chills, and they grew like the green bay tree, and soon they will bear, least I hope they will, a constant amazement to me. For these are the days for the brussels sprouts, the parsley and beets and hay, and they grow apace while the weather is warm, it's 87 today.

Bike Tagging Falling Down

Plan To Impound
Unregistered Bikes

Registration of bicycles during the first week of the registration period, held this week was more or less disappointing. Chief of Police Robert D. Hanna announced today especially in the Sixth ward, where only about fifty bicycles were brought in for inspection and registration.

It is known that there are a great many more bicycles in these districts, and chief of Police Hanna states, today, that arrangements are being made to impound all bicycles which are found without a registration tag after the registration period ends. A second offense will result in a fine being imposed.

Registration will be carried out at the Fourth ward fire station on Ray street, Monday, Tuesday and Wednesday of next week, from 9 a. m. to 12 noon, and 1 to 4 p. m. Thursday and Friday, registrations will take place at the Third ward fire station on Vine street, for youths residing in these districts.

Registration, scheduled for the Second ward on July 23, 24 and 26th, will have to be changed somewhat because of the fact that July 24 is election day. Registration will take place on this date at the City building and it is planned to have another day set aside for the Second ward, to make up for the 24th, when registration for the Second ward will be cancelled.

Thomas D. Hairston, of R. D. 2, found a peculiar looking worm crawling about in his garden, which he brought to the editorial rooms of The News. It is being turned over to the entomologist of the Agricultural Extension Service in the state for classification. It was a silvery white in color, and its skin appeared to be somewhat transparent. The peculiar part was that it had a tail longer than its body. Mr. Hairston stated that it was being chased by an ant, when he discovered it.

loans and other assistance to farmers to help them get started again when the flood waters recede.

The White House pointed out that Mr. Truman already has dispatched Maj. Gen. Lewis A. Pick, chief of the Army Engineers, to Kansas City to look over the situation and plan relief measures.

Brannan said in a statement that the government stands ready to offer surplus food to civilians and disaster loans to farmers hit by the Kansas floods.

He declared that the agriculture department is offering dried eggs, dry skim milk and dried beans to relief agencies. Loans will be available from the Farmers Home Administration.

The agriculture secretary said: "I have asked department agencies that have facilities for furnishing aid to use them fully in helping alleviate the damage and suffering that has been caused by the flood."

"This applies not only to farmers but to all others who can be aided by our facilities."

Deaths Of The Day

Mrs. Stewart S. Chesney

Mrs. Stewart S. Chesney, aged 84 years, nee Sarah Ida Millison, died suddenly Friday at 2 p. m. at the home of her daughter, Mrs. Anna Belle Stickley, 108 North Mill street, where she resided. Although she had been ill for a month, death was unexpected. After the death of John Pizer, whom she married in 1888, she was united in marriage to Stewart Chesney who died in 1934.

Born March 20, 1867, at Middle Lancaster, Butler County, Mrs. Chesney was a daughter of Elias and Susan Ruby Millison. Prior to residing in New Castle for ten years she lived in the Portersville and Princeton areas. Mrs. Chesney was a member of Princeton Presbyterian church.

Survivors are three daughters, Mrs. Helen Fisher and Mrs. Catherine Shaffer, both of Volant, R. D. 3, and Mrs. Anna Belle Stickley, this city, nine grandchildren and four great-grandchildren. Rev. B. W. Kossack of Princeton Presbyterian church, will officiate at funeral services Monday at 2 p. m. from the R. L. Boyd funeral home, 208 North Jefferson street, where friends may call today from 7 to 9 p. m. and Sunday from 2 to 4 and 7 to 9 p. m. Burial will be in Portersville Presbyterian cemetery.

Haggerty Funeral Time

Funeral services for the late John J. Haggerty, of the B. & O. Rest Home, Cherry street, will be conducted Monday at 9 a. m. from the St. Margaret's church with Rev. Fr. John O'Rourke officiating. Burial will take place in St. Mary's cemetery.

Mr. Haggerty who died Thursday at the New Castle hospital, was born on July 12, 1885. He died on his birthday. A retired B. & O. railroad worker, Mr. Haggerty was a widower and a member of St. Margaret's church.

A son, Frank Haggerty, survives in St. Louis, Mo.

Friends may call at the Joseph B. Leyde Mortuary anytime Sunday.

Mrs. Hagan Funeral Time

Requiem High Mass for the late Mrs. Harry Hagan of Norwood avenue, will be conducted Monday at 10 a. m. from St. Mary's church. The family will have a short service at the Zehner funeral home at 9:30 a. m.

Friends will be received at the funeral home this evening, from 7 to 9 o'clock and Sunday, 2 to 4 and 7 to 9 p. m.

Mrs. Coates Funeral Time

Funeral services for Mrs. Elmer Coates, nee Blanche Gungla, Poland, O., will be conducted Monday at 2:30 p. m. from the John R. Hodge funeral home, Wallace avenue, this city, with Dr. Robert F. Galbreath officiating. Burial will be in Oak Park cemetery.

Friends may call today and Sunday from 7 to 9 p. m. at the funeral home.

Mrs. Coates, who died Thursday, was born June 30, 1887, in Clarion

county, Pa., being a daughter of William and Leovina Ace Gungla. She was a former member of the First Methodist church, New Castle.

Survivors are: two brothers, Ira J. Gungla, Poland, and Herman Gungla, Montgomery, Pa.; and two sisters, Mrs. Della Gurgulio, San Antonio, Tex., and Mrs. Flossie Miller, Fort Worth, Tex.

She was preceded in death by her husband in 1938.

Mrs. Fritzius Funeral

Funeral services for Mrs. George Fritzius were conducted Friday at 2:30 p. m. from the home of her son and daughter-in-law, Mr. and Mrs. Andrew Fritzius, 306 West Cherry street, with Rev. Howard Krause officiating.

William Thompson, Harry Gitting, Frank W. Hill, Harold McDonald, Francis Hammond and Thomas Lynch were pallbearers. Burial was in Graceland cemetery.

Consia Funeral

Funeral services for Raymond Consia were conducted Friday at 2:30 p. m. from Clinton Methodist church with Rev. William R. Wigton officiating.

Mr. and Mrs. Barney Shearer sang two selections with Mrs. Lela Revetti as accompanist. Charles Paul, Jerry Pacille, Charles Market, James Huffman, Ferrell Cearloss, and William Mills were active pallbearers.

Members of Rock Point I.O.O.F. lodge were honorary pallbearers. Burial was in Clinton Methodist cemetery.

The mob finally was dispersed by the militiamen—but not before 23 persons were injured in the fighting.

Lt. Col. Clifford Hodgins of Peoria, Ill., commanding officer of the fifth guard companies, said he believes "the back of the disorders has been broken," but emphasized:

"We are not relaxing our vigilance. We're here to maintain law and order and we're going to see that the job is done."

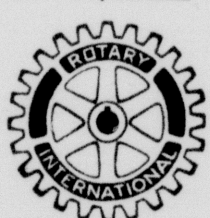

Margaret Truman Back At Blair House

WASHINGTON, July 14.—(INS)—Margaret Truman gives her parents a fill-in today about her seven-weeks tour of Europe.

Like any anxious father, the president drove to union station early Friday evening and braved a throng of commuters to meet his wife and daughter who arrived from New York.

The president's car was driven directly to the platform after the train pulled into the station. The platform was cleared of travelers and the first family hurried into the car for the drive to Blair House.

During the reunion, secret service agents kept newsmen and photographers at bay.

But he cautioned: "It is apparent that total expenditures now contemplated will put an unprecedented drain on the economy if continued for any period of years."

"If proposals for a public works program, foreign aid and an expanded air force program should be added it would mean an increase of not less than 20 billion dollars to the budget. The cost of preparedness, like the cost of war, is beyond measure."

MORE STATE DEPARTMENT OFFICIALS ARE SUSPENDED

Grady and a member of Acheson's policy planning board, Clubb, 50, is the director of the department's office of China affairs.

Clubb Questioned
Meanwhile, Rep. Wood (D) Ga., chairman of the House Un-American Activities committee, reported that Clubb had been questioned by his group last March 14 about a message he reportedly delivered from China to the leftist publication "New Masses."

Wood said Clubb denied calling at the "New Masses" office at the time the message was reportedly delivered, but admitted getting a letter of introduction from the late Agnes Smedley, left wing writer on Chinese subjects.

The committee plans no further action on Clubb until his security hearing.

Acheson, explaining the suspensions in his department, said that a new law requires automatic suspension until after a hearing of any employee accused as a security or loyalty risk.

Fellow Rotarian:
The friendly undertaker, Pappy Reynolds, has arranged the showing of a film: "A Part of the American Way."

This has nothing to do with bricks and there is no free lunch as part of the program. Non-attendance will cost you money.

The vote on meeting day was preponderantly in favor of Monday noon, so be it.

The past three and a half years as your councilman has enabled me to study at first hand some of the needs to make New Castle a better city in which to live.

I intend to lend my efforts especially to the following which are only a few of the problems confronting the City of New Castle:

- Completion of two main arteries to alleviate congestion in the present inadequate sanitary sewer system which was originally constructed to accommodate a population of only 25,000.
- A comprehensive, detailed traffic survey to relieve congestion and expedite traffic.
- Provide more parking areas.
- An intelligent study of recreation needs.
- The completion of the newly proposed 422 highway through the city.
- Encourage the development of the industrial area.

WALTERS-DUFFY IMPRESSIVE VOWS

First Presbyterian church was the setting for the impressive double ring ceremony which united in marriage Miss Dorothy Eileen Walters, daughter of Mr. and Mrs. Thomas A. Walters, 138½ East Long avenue, to Walter George Duffy Jr., son of Mr. and Mrs. Walter G. Duffy, 456 Neshanock avenue, Saturday, July 14, at 2:30 o'clock. Dr. Robert F. Galbreath read the service. Given in marriage by the brother, Emerson R. Walters, the bride wore a street-length dress of aqua net over satin with white accessories. Her shoulder corsage was formed of pink rosebuds and roses.

Mrs. Thomas E. Walters, brother of the bride, attended the groom as best man and the usher was Joseph E. Walters, also a brother of the bride.

Mr. and Mrs. Duffy left for a honeymoon trip to Niagara Falls following the reception held for 100 guests at the Walters home.

Both young people attended the New Castle Senior high school. Mr. Duffy is employed by the Castle Perma Stone company.

K. E. SMITH CLASS FAMILY PICNIC

K. E. Smith class of the Central Christian church held its annual family picnic recently at the home of Mr. and Mrs. Norman Zeigler of Moody avenue.

Following the picnic, group singing, badminton and social chat were enjoyed. Mrs. James Rainey accompanied the singing.

Norman Zeigler, president, presided at a brief business meeting. Mrs. Zeigler was in charge of devotions.

The August meeting of the class will be held at the home of Mr. and Mrs. Carl Klink.

W.B.A. Meeting

There will be a meeting of the Women's Benefit Association No. 98 in the Green Room of the Y.W.C.A. at 8 o'clock Monday, July 16. Mrs. Viola Nelson, president, will be in charge.

M. C. Society To Picnic

Margaret Copeland society of Third United Presbyterian church will have a picnic luncheon at the home of Mrs. Samuel Mooney, of Walmo, Tuesday, July 17, at noon.

MARGARET PATTISON IS SHOWER HONOREE

Miss Margaret Pattison was honored at a bridal shower Wednesday evening at the home of Mrs. Carl Elder, Old Wilmington road, R.D. 5.

The evening was spent playing bridge with the prize going to Mrs. William Loudon. Miss Pattison received a shower of lovely and useful gifts for her new home.

Refreshments were served from a table prettily appointed in a pink and white bridal theme. Mrs. Elder was assisted by her sister, Miss Margaret Weir.

Miss Pattison, daughter of Mr. and Mrs. R. H. Pattison, Oakwood avenue, R.D. 8, will become the bride of Daniel F. Moon of Pittsburgh, son of Mr. and Mrs. Frank N. Moon, Old City, Pa., on August 24. Rev. Albert C. Howe will officiate at the open church ceremony in the Epworth Methodist church at 7:30 o'clock.

OFFICERS ELECTED AT CLUB EIGHT MEETING

Club Eight met at the home of Mrs. Edwin Griffith, 332 Neshanock avenue for its regular meeting on Thursday evening.

The following officers were elected: president, Mrs. James Dunlap; vice president, Mrs. Martin Stendur; secretary and publicity, Mrs. Robert Welsh; treasurer, Mrs. Edwin Griffith; recorder, Mrs. Earl McCannay.

Canasta was played with Mrs. James Dunlap winning the high score award and Mrs. Martin Stendur receiving the low score prize.

Delicious refreshments were served by the hostess assisted by Mrs. Robert Welsh. The decorations carried the pink and blue color scheme. Miniature flower baskets were the favors.

Next meeting will be held on July 19 at the home of Mrs. James Dunlap, 374½ Neshanock avenue, with Mrs. Earl McCannay as the hostess.

KNIGHT-SAVOLI BETROTHAL NEWS

Mr. and Mrs. Nathan Knight, Manor, N.J., 2, announce the engagement of their daughter, Ella Grace, to Julio Savoli, of Springfield, Mass.

E. L. V. Club Plays Cards

Three tables of 500 were in play when members of the E. L. V. club met for luncheon and cards Thursday at the Elks home. Winners were Mrs. T. R. McCannay, Mrs. Carl Wallace and Mrs. C. P. Herman.

Members will re-convene Thursday, July 19, at 1:30 p. m.

CHOCO-COLLINGWOOD ENGAGEMENT NEWS

Mr. and Mrs. Alexander Choco, Sr., 825 Beckford street, announce the engagement of their daughter, Mary, to Harlan C. Collingwood, son of Mr. and Mrs. Earl Collingwood, 620 Superior street. Wedding plans are indefinite at this time.

GRZEBIENIAK-SAVAET EXCHANGE OF VOWS

Miss Irene Grzebierniak, daughter of Mr. and Mrs. John Grzebierniak, 1613 South Jefferson street, was united in marriage to Stanley W. Savaet, son of Mr. and Mrs. Jacob Savaet, New Middletown, O., at an impressive double ring ceremony performed in St. Phillip and James church on July 7 at 10 a. m. with Rev. V. V. Stanek officiating.

The bride wore a floor-length gown of nylon tulle over taffeta, made with a full skirt and bodice of lace. A Peter Pan collar was trimmed with seed pearls and rhinestones and cap sleeves were set off with matching mits of lace. Her fingertip veil was caught to a cap of rhinestones and seed pearls and she carried out the traditional something old, new, borrowed and blue. She wore a prayerbook overlaid with a white orchid and showered with white anemones.

Miss Alice Grzebierniak, sister of the bride, was maid of honor. She wore pink marquisette over taffeta, with cap sleeves and satin sash. Satin binding adorned the sleeves and skirt.

The bridesmaids gowns were fashioned identically. Miss Helen Gorzka in blue; Miss Dorothy Zajac in Nile green; Miss Frances Sulek, Lafferty, O., cousin of the groom, in yellow. The attendants wore matching mits and carried colonial bouquets of red roses.

Joseph Savaet served his brothers as best man and the ushers were Henry Savaet, also a brother, Chester Tabaka, cousin of the groom, and Robert Mielcunsky, cousin of the bride.

A reception for about 200 guests was held at the Eccles hall. Mr. and Mrs. Savaet will live at 22 East Ralph avenue when they return from a wedding trip to an undisclosed destination.

Mr. Savaet attended the New Castle senior high school and is employed as a secretary in the Personnel Department of the National Radiator Works. The groom attended Springfield, O., high school, and is now engaged in the farming business.

D. O. F. CLUB FETES MEMBER'S BIRTHDAY

Mrs. Agnes Lastoria was the recipient of many lovely birthday gifts from members of the D.O.F. club when they were welcomed to the home of Mrs. Virginia Beach, Locust street, Friday evening.

During a short business meeting plans to be held at Cascade Park. Television was enjoyed and a dainty lunch was served by the hostess, assisted by Mrs. Lastoria and Mrs. Carmel Nocera. Special guests sharing the pleasant evening were Mrs. Dora Petrucci, Mrs. Eileen Byers, Mrs. Carmel Nocera and Mrs. Jennie Nocera.

Miss Ruth Cialella of Leisure avenue invited members to her home for the next meeting on July 24.

SECTION C PLANS FOR PICNIC EVENT

Plans were formulated for a picnic to be held August 9 by members of Section C of the Y. L. B. of the Third U. P. church at their covered dish dinner event held Thursday noon at the home of Mrs. B. H. Craig, Huron avenue.

Garden flowers decorated the prettily appointed table and the hostess was assisted in serving by her daughter, Dorothy, and by Mrs. Edna Osborne.

The leader, Mrs. Harvey Kennedy, conducted the business session and led in devotions. Birthdays of five of the members were celebrated.

MARILYN CALVIN SETS WEDDING DATE

Miss Marilyn Calvin, daughter of Mr. and Mrs. L. B. Calvin, Fairhill drive, has selected Saturday, August 11, as the date of her forthcoming marriage to Earl H. Comstock, son of Mr. and Mrs. C. C. Comstock, 226 Fairmont avenue.

The ceremony will be solemnized at 4:30 o'clock p. m. in the First U. P. church, the custom of open house to be followed.

Chrysolite Club To Have Picnic

Members of the Chrysolite club will entertain their children and invited guests at a picnic in Shelter 2 of the grove at Cascade park on Monday afternoon, July 16. This is an annual affair and there will be special treats for the children and favors for the adults. In charge is Mrs. Anthony Fair.

'49ers Club Meets

Mrs. John Memo, 436 Cascade street, was hostess to the '49ers club when they met in her home on July 13.

Cards were the main diversion of the evening with Mrs. Guy Galiano winning both prizes. Mrs. Albert Repose won the door prize. Delicious refreshments were served by the hostess from a table decorated in the summer garden motif.

Next regular meeting of the club will be held on July 26 at the home of Mrs. Albert Repose, 207 South 1st street.

Choir Has Outing

Choir members of the Second U. P. church enjoyed their annual picnic dinner Thursday evening at 6:30 o'clock at the Orker Place on the New Castle-Elwood road. Husbands and wives of the members were special guests for the occasion with 25 present. Following a sumptuous repast, the evening was spent informally.

YOUR CITY TREASURER FORMULATES NO POLICY

In an effort to attract votes, candidates for office sometimes attempt to confuse the voters by creating what appears to be an issue and by promising things they cannot possibly perform.

Your city treasurer formulates no policy. His duties are prescribed by state statute, and city ordinance. These duties he must perform.

The most important thing a candidate for city treasurer can offer is experience in accounting and a rugged honesty that will permit no deviation from the duties prescribed for him.

Citizens should have confidence that when a city treasurer closes his books at night, every dime of their money is where it should be.

I believe I have the confidence of the citizens of New Castle. Since the day I first assumed office up to this very minute your tax money has been received and distributed exactly as the law requires.

CANDIDATES SHOULD HAVE SOME DEFINITE PROGRAM

I believe all the candidates for the Republican nomination for mayor are honestly intentioned men. But I also believe the voters have a right to know something of what candidates for mayor would do if elected. Just to say a man is honest, conscientious, favors good government or progress is not enough. The voters should have some idea of what he intends to do.

In my advertising I have offered what I believe to be constructive ideas I would try to put into effect if elected.

Here are a few of them:

A citizens' advisory council to meet with the mayor periodically to get a cross section idea of what people are thinking.

Conduct a traffic survey and then make some intelligent effort to untangle our traffic snarl.

Insist that policemen should look the part on duty and that they have a knowledge of their responsibilities and duties.

A municipal swimming pool centrally located so that our youngsters do not have to go out of town to enjoy a swim.

Cut the mayor's office free from a lot of minor detail and give him a chance to "sell" New Castle to the outside world.

These are not promises, they are pledges made in good faith that will be carried out if I am nominated and elected mayor. Will you help me do it?

You can by voting for me on July 24th.

Aspires To Be New Hitler?

A rising tide of concern is evident in western Germany today over the uncensored activities of so-called "neo-Nazi" movements headed by Otto Remer, who has open aspirations to become another Adolf Hitler.

The apprehension was long overshadowed if not obscured by preoccupation of West Germany and the rest of the world with events in Korea.

But now that true negotiations have begun—despite initial setbacks and future stumbling blocks—West German officials are taking a new survey of their own position.

Fear Anties

They are beginning to fear that Remer's storm-troop antics are playing directly into the hands of aggressive communism despite his claims that what he wants is revival of a strongly nationalistic Germany.

Remer has an unadulterated, 100 per cent pre-Nazi past.

He was a major in the Nazi army at the time of the July, 1944, bomb plot against Hitler. In his strategic position at the Wilhelmstrasse he learned of the plot and through a series of telephoned instructions was able to foil the conspirators.

Hitler promptly executed the ringleaders and promoted Remer to be a full major-general.

Escaped Punishment

He was one of the Nazis who escaped post-war punishment because he apparently never took part in atrocities and the like. But that he was an ardent supporter of the Fuehrer was never doubted.

Remer's greatest political gain to date has been scored in lower Saxony in the British occupation zone, where his socialist Reichsparty took 16 out of 158 seats.

Numerically, this is of little importance. But he needed a great many popular votes to obtain even that much representation. It is noteworthy that since that time,

his political rallies have been more crowded. Remer seems not to have suffered by a decree disbanding his brown-shirt army.

Greatest Danger

One of Remer's greatest dangers lies in the fact that he has a satirical and mystical brand of oratory strangely similar to that of Hitler.

His greatest stock in trade is his argument against German remilitarization and his charge that the western European defense program is certain to precipitate a "preventive war" by Soviet Russia.

"This preventive war," Remer says, "will then, with deadly certainty, lead the Russians to break through to the Atlantic. I am also of the opinion we will be liberated by the west again. But we have already been liberated once before, first of our rings and watches and then of our rights."

Appeal To Fanatics

Such language is certain to have an appeal to certain fanatics. And diplomatic observers feel that it cannot help but give solace to Moscow, whose overriding interest in Europe today is destroying North Atlantic defense plans and torpedoing western influence in Germany.

Another favorite approach of Remer's is to draw horrendous pictures of what might have happened to Germany had the Morgenthau plan gone into effect.

He pictures the Ruhr valley picked clean of every ounce of coal and iron and the whole vast German countryside converted into a potato field to fatten up the rest of Europe.

Sometimes, in hysteria, he will ask why the Americans—and he is not above profanity when talking of them—do not go back where they came from.

Lacking In Astuteness

Remer must be lacking in all political astuteness if he does not realize he is speaking in terms that might have been lifted from the Communist party line book of instruction.

And this has raised a question in the British press as to where Remer's income originates.

He has a full-sized newspaper, countless pamphlets and can always hire a hall for a tub-thumping session of his wild-eyed adherents. More than one student of his activities has estimated that expenditures must be far in excess of collections possible from party members.

Inevitably, the question is asked whether or not the smooth-operating and immensely wealthy Communist party machine has found some way of financing the Remer movement, with or without his knowledge. Such a thing would not be impossible with things the way they are in Europe today.

The Parent Problem

By Garry C. Myers, Ph. D.

KEEP AN EYE ON CHILD'S DIET

As soon as the young child eats at the table with the family, he likes to help himself as much as he is able. It's good to encourage him in this direction, especially to feed himself. There's no better way to cultivate a good appetite and self-reliance in him. Also, he can enjoy his milk more if he can pour it from a small pitcher into a small glass or cup.

But not all foods served the family may be considered wholesome for him, certainly not as much as he might desire. This is no problem with the youngster who has learned away from the table the meaning of "No, for then a mere "No" that is for big people," will be accepted without resistance.

Fascinating Pastime

It's very fascinating to the tot from two to five or six to put sugar with a spoon on his cereal or certain desserts and still more alluring to shake salt from a shaker onto any of his foods. Unless he readily obeys "That is enough," he had better not be allowed to serve these items himself. Even a child much older may use too much sugar or salt if not limited. It may not be the taste of either that lures him so much as the process of putting it on, especially the salt.

Now medical science has discovered that adults can consume too much salt for their physical welfare, and that those with certain ailments should eat very little salt or almost none at all. To my knowledge this field has not been explored far with children.

What is of more practical importance is the degree to which some adults consume too much salt because they were allowed as young children to shake so much of it onto their foods. Psychologically one might infer that many children finding it so much fun to operate a salt shaker could easily cultivate an appetite for an excessive amount of salt which could persist for a lifetime. Similarly, the desire for an excessive amount of sugar on certain foods at the age of 12, 18 or 50 might have been predisposed from its excessive use at 2, 3, or 4.

Too Much Salt

It is significant that some chefs and mothers put more salt in foods they cook than many other persons find agreeable to their taste. How do these chefs and mothers get that way? Any parent interested in this matter might be wise to consult her physician about the amount of sugar or salt her child is adding to his victuals.

Sometimes a child required to sit at the table till he has emptied his plate will readily resort to adding considerable sugar or salt to certain of the foods there. I once observed a girl ten years old who sometimes remained for an hour after the rest of the family had left the table before she finished and was allowed to leave. Every now and then she sprinkled some extra salt or sugar on a morsel of food and sometimes she washed down some of the repellent food with milk or water.

Incidentally, such a problem can be easily solved if the darning child be given very small helpings or be allowed to serve herself so long as she takes enough of each "required" food to be visible. I have a special bulletin on eating problems to be had by sending a self-addressed, stamped envelope to me at 235 East 45th Street, New York, N. Y.

PASSING OF OLD DOBBIN

Washington Calling

(By MARQUIS CHILDS)

Truman Acts Like Candidate

WASHINGTON, July 14.—With every day that passes Harry S. Truman looks more and more like a candidate to succeed himself for another term as president of the United States. A revealing sign is the politicking with the federal judiciary which in recent years, with one party in power for so long, has become cruder and cruder.

The administration could assume an air of virtue in reaching out into Minnesota to get Governor Luther Youngdahl to become a judge of the federal district court here in Washington. Youngdahl seems to be as able a man as could be found for a court that gives initial consideration to many more important issues than come up in the ordinary district court.

Makes It Look Bit Odd

But the record elsewhere, makes the Youngdahl appointment look a bit odd. By naming Youngdahl at this time—on the pretext that it was urgent to fill a judgeship vacant less than a month—the governor was removed from the Republican picture in Minnesota and thereby Republican hopes in that state for '52 were dimmed. In Illinois three judicial vacancies have gone unfilled, one for a year, the other two for 11 months. This is in Chicago where the court dockets are so overcrowded that litigants wait months or years before their cases can be heard. Six weeks ago the federal district judges in Chicago wrote a letter to the president pleading for action because of the legal traffic jam. Now it seems that after a year's delay there is to be action.

Recommendations Made

Recommendations for filling these vacancies made by Senator Paul Douglas of Illinois, in accord with senate tradition, were on the president's desk during most of this wait. The three recommended by Douglas were considered for their qualifications with the conscientiousness which is one of his notable characteristics. One is William H. King Jr., former president of the Chicago Bar Association and active in community affairs. A second is Judge Benjamin P. Epstein of the circuit court of Cook county, who has had a great deal of experience as a master of chancery in federal and other courts. So long has the wait been that the third, Walter Schaefler, was subsequently appointed by Governor Adlai Stevenson to the state supreme court and later elected to a full term on that court. A fourth recommendation, Joseph Sam Perry of Wheaton, Illinois, also has the support of former Illinois senator Scott Lucas.

President-Senator At Odds

Reports that the president and the senator were at odds and that Truman intended to ignore the Douglas recommendations have been printed. At this point a peacemaker entered the picture in the person of William M. Boyle Jr., chairman of the Democratic national committee, seeking to reconcile the conflicts so that everyone would be happy or at least not too unhappy. One source of conflict has been the insistence of the

Try And Stop Me

By BENNETT CERF

The president of a great Southern railroad is noted for his patience and humility. He says he got a lesson he never forgot the first day he was appointed station master in a tiny Mississippi way-stop. Two Negro farmers came along to ask some questions regarding a bill of lading and the new official decided to put on the dog.

The Negroes waited patiently while he bustled about the station doing nothing, and then one said very distinctly to the other, "Dat's life for you, brother! Da littler de station, de bigger de agent! What the young official learned that moment helped make him president of the road!"

A young man, obviously ill at ease, sought out the lingerie department of a big store, and confided to the clerk, "I've got to bring home either a casserole or a camisole. Darned if I can remember which." "Let's see, now," prompted the clerk with a perfectly straight face, "Is your chicken dead or alive?"

HOW CAREFUL!

Granddad says that it is pretty hard to figure on being careful. He got a new pair of glasses. Then he forgot about putting them on a chair. He sat down on them and got cut. The cat wasn't in his eye either.

He put white paint on the bottom step of the cellar stairs. Granddad carried a basket of clothes down the steps. She couldn't see the step for the basket. She fell and broke her hip. Granddad says there ought to be a law to make the women use the clothes chute but you know Granddad.

Rubbing a sliced onion over the glass with an up and down stroke will keep auto windshields from becoming misty on rainy days.

St. Swithin's Day

By PAUL GALLICO

It just so happens that this particular Sunday, July 15th, falls on St. Swithin's Day. You know the old doggerel, don't you:

"St. Swithin's Day, if thou dost rain,

For forty days it will remain:

St. Swithin's Day, if thou be fair,

For forty days 'twill rain no more."

To the storm cellars then, friends, clients and customer, put out the lights and lock the doors for Gallico is loaded on the subject of St. Swithin and is about to dish up another mess of culture will-you, nil-you.

Oh, come on, show some courage. This can't hurt you. And should anybody ask you about Brother Swithin or Swithun, as he was known back in dear old 852 in England, you're going to be able to tell them.

To begin with, he was Bishop of Winchester, and with St. Neot, shared in the glory of educating King Alfred. You remember Alfred. He's the guy libeled by history with that tale of letting the cakes burn while brooding over the woes of his kingdom. Actually he was a tough cookie who organized the first OSS, and acted as G-2 for his own Army by disguising himself as a minstrel and penetrating the Danish Camp where he entertained the soldiers and officers for days while he sopped up intelligence. Swithin may have taught him some of that. There now, this isn't going to be so tough to take, is it?

How Was He Hooked Up

Now of course you'd like to know how the venerable Bishop came to be hooked up with the weather bureau in such a manner that it is remembered down to this day. The story as retold in Brand's Popular Antiquities and other works of reference, goes some thing like this:

Bishop Swithin, dying in the year 865, expressed the singular desire to be buried in the open churchyard and not in the chancel of the church, as was usual with other Bishops, and this last request was complied with.

Although he was never officially canonized, that ceremony being yet some two hundred years away, nevertheless at his death the Pope announced his translation to a Saint at which point the Monks of Winchester took it into their heads that it was disgraceful for a Saint to lie in the open churchyard, and resolved to remove his body into the choir, which was to have been done on the 15th of July.

The worthy Saint Swithin, however, had other ideas. He knew what he wanted when he had asked to be interred out under God's Heaven beneath the sun by day and the moon and stars by night instead of mouldering beneath a stone slab in the chancel. On the day the transfer was to be made it rained so violently and for forty days thereafter as had hardly ever been known. The church was flooded, the town was afloat and anybody who tried to get to the graveyard ran the risk of being drowned.

Not Moving Indoors

Finally the monks caught on that Saint Swithin was NOT going to move indoors. They denounced their own design to shift him, as heretical and blasphemous and gave over. The rain stopped. The monks thereupon erected a chapel over his grave where many miracles are said to have been wrought.

Then there is another story, according to Blount, that St. Swithin, a holy Bishop of Winchester, was called "Weeping St. Swithin" because at the time of his feast, rainy constellations arise cosmically and commonly cause rain giving rise to a reference in Gay's Trivia:

"How if, on Swithin's Feast the wekin lours,

And ev'ry pent-house streams with hasty show'rs,

Twice twenty days shall clouds their fleeces drain,

And wash the pavements with incessant rain."

Well, I was never a fellow to interfere with a good story, but in the interests of truth, I am likewise compelled to report from Walsh's "Curiosities of Popular Customs" that the formal translation of the relics of St. Swithin from the neglected and almost forgotten grave in the churchyard to a magnificent shrine inside the cathedral was in fact effected on July 15, 971, only one hundred and nine or so years after his death, without any meteorological interference or manifestations whatsoever.

Sprang Into Great Repute

Once moved, however, according to Walsh, the shrine of St. Swithin sprang into great repute as a center for the sick and the lame, the halt and blind, the maimed and the falling flocked thither and left behind substantial evidence of their appreciation, so that for centuries, St. Swithin was the most popular healing Saint in England.

In this he even overshadowed his rival, St. Josse or Jodocus in the neighboring church of St. Grimbold. St. Jodocus was doing fine until St. Swithin moved in. Within a short time, Swithin had put his rival out of business and drove him out of Winchester. Eventually Henry the Eighth substituted the Holy Trinity in Winchester for its former patron saint.

Well, anyway, now you know as much as I do about this business. Better take your umbrella along if you're going out.

Looking At Life

By ERICH BRANDEIS

An angry reader writes: "You newspapermen make me tired. Always prying into other people's affairs. Always criticizing, always tearing down reputations, always looking for sensations."

"Why in h— don't you mind your own business."

The angry reader referred to a column written about Mr. Truman—not by me, but by one of my colleagues.

I wish I had written the column, it was very good and perfectly fitting.

Since the same criticism of newspapermen and newspapers is made so often, let me dwell a little on it.

I have talked to many editors and writers about it and this is a sort of symposium of their opinions.

No newspaper, to my knowledge, has ever "torn down reputations."

The newspaper REPORTS reputations that HAVE BEEN torn down by their owners.

And even then it reports them only if the destruction and its effects are of PUBLIC INTEREST.

The President of the United States and all other elected and appointed government employees are PAID by you and me.

As employers, we have a right to watch our employees, to criticize their services when they are bad, to fire them when they have become hopeless.

The average business man or employee pays for his room and board out of his own pocket. The government employee—no

matter how high or low his status—who is furnished free lodgings, free food, free transportation, free entertainment is NOT a free agent.

He is responsible to those who have hired him, who pay him, who are benefited or harmed by him, for his actions twenty-four hours of each day.

Mr. Truman has often resented criticism. I have never heard of him resenting praise.

For instance, I am sure he will not resent it when I say here that his daughter Margaret on her end—

"Gold Rush" Is Added Feature Of Scout Camp

An added feature of recent Boy Scout Camp Agawam activities was the "Gold Rush," in which five different stations were set up to test the scouting prowess of the scout participants.

Pebbles painted with gold for nuggets were awarded at each one of the stations according to the proficiency with which the project or problem was handled.

At station one, "the demonstration area," a scouting project was laid out to test the speed and ability of putting up, and taking down a tent, and at station two, or council ring, the problem was to identify 12 different leaves.

The signal tower, station three, presented a "victim" who had fallen off the tower and the test was to administer the proper kind of first aid.

At station four, the flag pole, the scouts were to build in ten minutes a fire whose heat would burn a string 18 inches from the ground.

The fifth and final station was the swamp. The goal there was a bucket filled with nuggets which could be retrieved only by lashing together four poles properly.

Once the "gold" was obtained, the scouts, who had been grouped according to patrols, were to deliver the precious cargo to the trading post. However, obstacles such as Indians and gamblers were lurking along the trading post path with their own ideas about the gold.

The enthusiasm of the scouts for the idea of the gold rush, guaranteed success for the added camp feature.

ture trip through Europe has been an exemplar of good behavior, good manners and dignity.

Her father and our whole nation may well be proud of her.

The newspaper is the only spokesman the average citizen has. Newspapers, by their very criticism and what the critics call "sensationalism" have exposed more evils and effected more cures than any other force in the country.

The crime plague, the dope scandal, graft, corruption, inefficiency—all have been brought into the blinding searchlight of exposure by NEWSPAPERS and newspapermen.

If they ARE sensational, it is not the newspapers that have created the sensations. The sensations were made by those who committed the crimes and those who protected the criminals.

As for "sensational publicity" about movie stars and other public characters—most of them are incurable publicity seekers.

They hire expensive press agents to make them public idols. If these idols have feet of clay or if they become fallen idols, "their public" is entitled to know the facts.

Scott Township Firemen To Meet

Secretary Francis Boak today announced that a special meeting of the Scott Township Volunteer Fire Department will be held on Monday evening, July 16, in the Harlansburg school, starting at 8:30 o'clock.

Arrangements are being made to start construction work on the new building to house the department's equipment in the near future, and it is hoped to have it completed as soon as possible.

Army Signal Corps Has Openings For Special Assignment

M Sgt. H. O. Falls, New Castle US Army and US Air Force recruiting station, announced today that he has several openings for special assignment in the Signal Corps. High school graduates and young men with some college education who feel that they can pass the rigid mental examination are invited to inquire at the recruiting station located in room 202, Post Office building, for further information. Men accepted for this assignment will take their basic training at Fort Knox, Ky., and then attend school at Fort Devens, Mass.

Sgt. Falls further stated that he has an unlimited quota for the balance of July in the United States air force, regular army and the airborne.

Hospital Director Says Girl Selling On False Pretense

Joseph Friedheim, director of the Jameson Memorial hospital, has notified The News that a girl is selling magazine subscriptions, both in the city and in the rural area, under the false pretenses that she is studying at one of the local hospitals.

Mr. Friedheim states that the girl is not enrolled at either of the hospitals and is not on the rolls for next fall. He also states that the girl has no permit to sell in the city.

James Buxton With Famous 7th Division

Sergeant First Class James H. Buxton, son of Mrs. Louella Margaret Buxton, 214 East North street, recently helped stem the Communists' spring offensive in Korea.

A member of the 32nd "Queen's On" Infantry, Buxton's unit blunted the Red attack in their sector, inflicting 4795 casualties in a seven-day period. Major General Claude B. Ferenbaugh, Division commander, commended the unit for superior performance of duty, valorous combat and steadfastness of mission and compared it to the "Bulge" and "Bastogne" of World War II.

Buxton is a member of the most traveled division in the Far East. In eight months of action, the Seventh Division has made two amphibious landings, traveled all the way from Pusan to the Manchuria border and fought on both coasts of the Korean peninsula.

LITTLE BEAVER

DODGE-HILLMAN

Charming in every detail was the wedding performed Sunday, July 1, at the Enon Valley Presbyterian church when Miss Frances Mae Dodge, daughter of Mr. and Mrs. Earl Dodge, R. D. 2, was united in marriage to Charles R. Hillman, son of Mrs. Bertha Hillman, of Enon Valley.

The double ring ceremony was performed by Rev. W. F. Byers. The attractive bride, given in marriage by her father, wore a nylon marquisette gown fashioned with short cap sleeves and peter-pan collar. The colonial skirt had a brush train and inserts of chantilly lace, which matched her Grecian cap.

Mrs. Paul Finney, cousin of the bride, sang appropriate songs, accompanied at the organ by Mrs. Fred Shaffer of East Lewistown.

Attendants were: Mrs. Lucille Ward, maid-of-honor and Mesdames Jean George, Betty Parker and Dorothy Hersman, bride's sisters and Mrs. James Stewart, were bridesmaids. All were attired in pastel colored gowns of rainbow hue. Jim Hillman, of Aliquippa, acted as his brother's best man and ushers were Ira Dodge, Dr. Robert Braden, Coraopolis, and George Hemphill of Beaver Falls.

Following the ceremony a reception was enjoyed in the L. O. O. F. hall. At the conclusion of a post-nuptial wedding trip to New England, the couple took up residence in Enon Valley and will be at home to their many friends after July 14.

Mr. and Mrs. Hillman attended the local high school. Mrs. Hillman is employed at the Holman Pharmacy in East Palestine and her husband is affiliated with the Penn Mutual Insurance Company.

Senate Hearings Into Auto Industry Layoffs Is Started

DETROIT, July 14.—(INS)—Senate subcommittee hearings into steel shortages and subsequent layoffs in the auto industry open today.

Six witnesses will be questioned today in an effort to find out why steel is not available to Michigan manufacturers and whether great quantities may be lying idle in warehouses.

The hearings will last all day today and Monday. The committee, under the chairmanship of Senator Blair Moody of Michigan, will then return to Washington to hear testimony from defense production officials responsible for material cutbacks.

Senator Moody said the committee members have no preconceived notions as to the fairness of the allocation program but want to explore everything connected with it, including the allocation of 75 per cent of the steel to the defense program.

Forty-Eight Girls Enjoying Y.W.C.A. Camp

"Nothing could be finer than to be at Camp Eastbrook in the summer" is the favorite saying of the 48 girls who are enjoying life in the "open" at the camp operated by the YWCA, a community chest agency.

The days are so filled with activities that each evening after eating crackers and milk and forming a friendship circle to sing the Call of the Fire, the campers are quite ready for lights out at 9:30. Mornings are devoted to doing campers, having morning worship which is the responsibility of a different cabin each day, and going to classes where the girls receive instruction in swimming, sports, crafts and music.

In the afternoon, after dinner, the campers may go to the "store" where writing supplies and five cents worth of candy per day may be bought. The highlight of the afternoon is the "free swim".

Hobby Hour is the something new which has been added to the program at Eastbrook this year. Each girl was asked to indicate her special interest. From the results, the following groups were formed: camp craft, which prepares campers for outdoor cooking and overnight hikes; tumbling, special crafts such as spatter painting of leaves, and work on the newspaper, Camp Eastbrook Gazette.

Cook-outs, treasure hunts, hare and hound chases, movies, square dances, talent shows, are some of the things the campers have had

fun doing in the evenings. Evidence of the ingenuity and creative ability of the girls was shown the evening they named their cabins and drew signs to illustrate the names.

Campers and Cabins
The cabins and the campers inhabiting them are as follows:
Dew Drop Inn—Barbara Ansell, Agnes Murphy, Norma Zook, Nancy Belloff, Linda Main.

Clean Queens—Judy Bauman, Gwendolyn Davis, Nancy Farrell, Jane Gary, Adele Gordon, Judy Pitzer, Mary Anne Smith, Lois Zieff.

THE FAMILY SCRAPBOOK

By DR. ERNEST G. OSBORNE

ROOFTOP PLAYGROUND

Statistics show that an increasing number of American families live in apartment houses. Such a shift in living habits presents a number of problems, not the least of which is play space for children.

To be sure, there are parks and play streets provided, but they are rarely suitable for younger children and often are too far away to make it easy to use them.

Roof space has many possibilities. In our larger cities, roof gardens with lounging chairs, sections for sun bathing and even badminton courts have been developed. Far too seldom have roofs been made into playgrounds for children. But they can be transformed easily from useless space to the best sort of play space.

Owners, of course, will have to see to it that the roofs are so constructed that their major function—providing shelter for the apartments below—is not impaired. It may mean that reinforcement in the way of several layers of roofing material may have to be made. Or heavy wooden platforms can serve as the surface of the rooftop playground.

Large sandboxes, swings, slides and all sorts of other equipment can be used. And, of course, riding tricycles and other wheeled toys around will be delightful to the young fry.

If you're a city "cliff-dweller" and the roof of your particular apartment house is largely unused why not get together with some of the other family folks and see what can be worked out.

Milk Price Increases Are Given Approval

HARRISBURG, July 14.—(INS)—Milk price increases effective July 17 in three western Pennsylvania areas have been approved by the U. S. office of price stabilization.

The boosts of one cent a quart in the Pittsburgh and Erie areas and one-half cent in Johnstown-Altoona were ordered by the state milk control commission.

Chairman H. N. Cobb said the federal agency notified him of approval with several minor changes which will not affect the basic boosts in consumer and producer prices.

New prices: Pittsburgh, 23 cents for standard milk home-delivered, 22 cents across the counter; Erie, 23 cents, and Johnstown-Altoona, 22 cents.

CLEVELAND FOR CITY CONTROLLER

To The Republican Voters Of New Castle:

With a background of 10 years experience in the financial department of the City, I was selected unanimously as City Controller when the former incumbent entered the Armed Forces of the United States. At that time, I voluntarily agreed to assume the duties of City Controller and, without additional compensation, to continue with part of my work as deputy to the Director of Accounts and Finance, thereby saving the taxpayers about \$200.00 monthly in wages. Moreover, during my administration there has been no expense for secretarial or clerical assistance. Since my appointment I have been doing the work of the office myself and expect to continue doing so if elected.

If you are satisfied that my years of experience, knowledge of the office and devotion to duty warrant your consideration, I respectfully solicit your vote and influence in behalf of my candidacy.

Yours sincerely,

EDITH M. CLEVELAND

Conclude Bible School Sessions

Bringing to a close the program of the Vacation Bible school of the First Presbyterian church was a luncheon for twenty women members of the staff, comprising teachers and aides who planned the course and supervised the two weeks program of the school. The group assembled at New Wilmington.

The enrollment increased from 20 pupils in 1950 to 115 this year. Since the school was for the children and friends of First church, a large number of denominations were represented. The course of study as in the past was Bible centered and all memory work as well as handcraft were so correlated to fix in the child's mind some lesson in Christian teaching.

In the kindergarten department, the age group ranged from 2 1/2 to four years. The attendance cards of that group emphasized and taught the lessons of Noah and the Ark. Different pairs of animals being used for each day's attendance.

In the beginners' group, flannel-graph seemed to demonstrate best the things the staff were teaching. The child brought the lesson of Moses up to date by trying to find a "baby sitter for the Princess" who found him in the bullrushes.

The primary department largest of the groups with an enrollment of 46 used "The Mail Box" as the center of interest. They used things in their writing as "The Scroll" things of Old Testament time as well as later studies from the Bible.

The Junior and Intermediate Departments as one project, made puppets to represent Bible characters and then told many parables in their demonstrations. The making of the necessary properties for the puppet show was also in charge of the boys of the group.

The lunch and play period was a happy time as well as one for complete relaxation. Mrs. Howard Kirk, Jr., was in charge of this period. Beginning each day was a period of devotion and singing held in the sanctuary of the church with Miss Susan Shira at the piano and Mrs. Delbert Denniston leading the music.

Closing each day's school, Mrs.

Homer Allen told stories to the different departments. This was another highlight of the day's work. Their offering which was given entirely for Care packages to be sent to hungry children of otherlands was generous, seeming to have an appeal to their sense of sharing.

The school closed with a picnic at the home of Dr. and Mrs. Homer Allen. From the amount of sandwiches which the children brought for themselves it seemed like a repetition of the miracle of the loaves and fishes in the Bible.

The staff of the school included: Nursery, Mrs. Francis Simonton, Mrs. William Wilson, Mrs. Wyatt Campbell; aides, Mrs. Marcelline Eckles, Miss Irma Jean Shellhamer, Miss John Rea; aides, Patty Joe Smith, Eleanor Flowers; primary, Mrs. Raymond Cox, Mrs. Charles Magill, Mrs. Raymond Webb; aides, Mrs. William Blews, Miss Antonia Dingley, Miss Susan Shira; intermediates, Mrs. Delbert Denniston, Mrs. Paul Reed; aides, Miss Ruth Allen, Miss Beverly Grassell.

Shrine Picnic Draws Crowd To Ellwood City Park

With fine weather conditions prevailing, after several threatening days, a record crowd turned out for the annual family picnic of Lawrence County Shrine, which was held Friday afternoon and evening at Ellwood City.

Around 500 members and their families were present for the occasion and thoroughly enjoyed the arrangements which had been made by General Chairman Frank B. Cole and his committee, who took care of all the details.

There was swimming in the new municipal pool at the park, and entertainment and games for the children, as well as various contests for the adults.

President Harry G. Boyd expressed his appreciation for the large turnout and for the splendid program arranged by the committee. He announced that the next social event will be a stag corn roast for the members which will take place late in the summer.

Parent-Teachers Leadership School Sessions Concluded

Final session of the Parent Teachers Leadership School at Slippery Rock College was held Friday afternoon. The school, which opened Monday morning, had up to 300 parents and teachers registered.

The sessions were divided in four main sections. Parent-Teacher Organization, taught by Mrs. James Meehan, state president of P.T.A., was concerned with the functions, policies and objectives of P.T.A. work. Mrs. Ira C. Gross, state program chairman, taught the Program Planning section. Parliamentary Procedures was section three, taught by Mrs. Robert Faber, president of the northwest district. P.T.A. Mrs. Howard Houk, state chairman of publications, and Mrs. Richard Forbes, state chairman of the Parent Teacher magazine, taught the fourth section on Publications.

Attend From County

Aside from the four main sections, there were various elective subjects. Among the electives were budget and finance, recreation, membership and high school service.

From the city of New Castle those attending were Mrs. James Ober, council chairman of parent education, and Samuel J. Rashid, representing city council. Mrs. Hubert White, from Mahoning School P.T.A., with Mrs. Joseph Zampella, Mrs. Holliday and Mrs. Parady, also from Mahoning. Rose Avenue school was represented by Mrs. Albert Jones, Mrs. G. A. Clark, Mrs. Harry Mack, Mrs. William Michel, Mrs. Frank Matey and Mrs. Frank Pasquale.

Representing Lawrence county or the rural areas of Lawrence county at the session were Mrs. Harold Hunt, president of Lawrence County Council P.T.A., Mrs. Paul Bee, Parent Education Council chairman, Union township was well represented by Harry Wright, president, Mrs. Dorothy Schaff, vice president, Mrs. Ted Kerr, treasurer, Mrs. Charles Vigne, Mrs. Forrest Farrington and Mrs. Helen Irwin.

One-Man-Army Is Married To Nurse In Navy Hospital

ST. ALBANS, N. Y., July 14.—(INS)—One of the Army's better known "one-man armies"—First Lieutenant John R. Hardy of Niagara Falls, N. Y., was married today in the U. S. Naval hospital chapel to a dark haired Navy nurse.

The bride is Lieutenant Kathleen M. Clinton, formerly of New York City, who first met the much decorated Hardy during his current convalescence from wounds received in Korea last September as a member of the 25th Division.

The couple was married at a nuptial mass, with Lieut. Comdr. Paul Knapp officiating.

Lt. Hardy, who has specialized in dramatic battlefield heroism in the face of comparatively strong forces of the enemy, has been awarded every army combat decoration, except the medal of honor, at least once.

Hardy has received the Distinguished Service Cross, Silver Star, Bronze Star and Purple Heart in the Korean fighting. During World War II, he was awarded the Silver Star and Purple Heart for combat action in New Guinea and the Philippines with a member of the 40th Division from February 1942 to June 1945. He is the son of Mr. and Mrs. Robert G. Hardy, of 670 Ashland Ave., Niagara Falls.

Lt. Clinton served as a Navy nurse for four years after World War II, seeing overseas duty in Hawaii. Thereafter she was a nurse for the Moore-McCormick and United States Lines, until recalled to Navy duty in April 1951. She is a niece of Mrs. Beatrice Henry, of Jackson Heights, N. Y.

Purpose of the six-week course is to train officers and enlisted men in the use of sound locating equipment.

It is one of 21 courses open to officers and enlisted men of the regular army. Organized Reserve Corps and National Guard.

Nurse Home From China Refuses To Discuss Conditions

KENT, O., July 14.—(INS)—A missionary nurse visiting her home in Kent after 30 years in China will not discuss the Chinese Red regime for fear that harm may come to friends being held as virtual hostages.

The nurse, Kate Leininger, said she had to name two Chinese as "guarantors" before she was allowed to leave China. If she should make disparaging remarks about the Communists, Miss Leininger said, the lives of her friends might be endangered.

Miss Leininger first went to China in 1917 and has been back in the United States on furlough many times. During World War II she was interned by the Japanese. She was in China under sponsorship of the Free Methodist church.

Government Not To Appeal Verdict For Vivian Kellems

BRIDGEPORT, Conn., July 14.—(INS)—U. S. Attorney Adrian W. Maher announced today that the government will not appeal a jury verdict awarding industrialist Vivian Kellems \$6,133 seized as tax penalties.

Maher also said he had been informed that Miss Kellems will not appeal a decision by a federal judge in favor of the government involving an additional \$1,685.

One-Woman Revolt

Both decisions resulted from Miss Kellems' one-woman revolt against the federal withholding tax law. The woman industrialist refused to deduct tax payments from the wages of her employees at her cable grip factory in Stonington, Conn., in an effort to force a court test of the law.

The government seized more than \$7,000 in back taxes and penalties from her bank account, but failed to prosecute. Miss Kellems then brought two suits of her own against the government and the collector of internal revenue in Connecticut.

Deadlines Arrive

A federal court jury directed the revenue collector, John J. Fitzpatrick, to return \$6,133 to Miss Kellems. Later Federal Judge Carroll C. Hincks ruled against Miss Kellems in her suit against the government itself, but refused to reverse the jury's decision in the other suit.

The deadline for appeals by both sides arrived today without a move by either party.

U. S. Attorney Maher replied "no comment" when asked if the treasury planned any action against Miss Kellems for failure to withhold taxes in the period after the original attachments. This period, Maher said, covers "about a year".

Civil Defense Directors Named

Governor John S. Fine has named five township directors of Civil Defense for Lawrence county.

ROB TAXI DRIVER

BOSTON, July 14.—(INS)—Two thugs, one armed with a knife and the other with a pistol, today kidnapped a Boston taxicab driver, robbed him of \$25 and then threw him into a clump of bushes and fled in his taxi.

The victim was Ralph Biggs, of Roxbury. He told police the men haled him in downtown Boston and staged the holdup as he drove them to Dorchester.

The taxi was recovered in the south end an hour later.

SHOPLIFTERS TAKEN

BOSTON, July 14.—(INS)—Police in several New England cities today closed in on more than 100 women members of a fantastic shoplifting syndicate.

Police said the business-like ring of thieves amassed more than \$12,000 in loot before being uncovered by a raid on the apartment of a 60-year-old Roxbury woman described as the mastermind for the operation.

NEVER A VACATION THE YEAR ROUND

It's vacation time, the time when John Q. Public bundles the family in the car, and hies for the shore or the mountains or to visit relatives in Nebraska.

Few folks there are who never take a vacation but did you ever think the motor trucks are in that class?

Winter and summer, hot weather and cold, wet weather or dry, day or night, the motor trucks are on the job, hauling the merchandise you need, steel for bridges, concrete for highways, all the things you eat or wear or use.

The calls upon motor trucks continue around the clock and around the calendar. They're on the job all the time, ready to go anywhere at a moment's notice.

They are modern freight transportation.

Committee Outlines Program For Week

At a meeting of the Farm Safety Program committee, held in the office of the Lawrence County Agricultural Extension Association, plans were outlined for the annual observance of Farm Safety Week in Lawrence County.

The committee is composed of Dick Dean, of Slippery Rock township, chairman; Arthur McCreary, of the R. D. Walter Company; Walter Gross and William Morgan, of the Pennsylvania Power Company; Albert McCormick, of the Farm Bureau; Dale Currie, of Shenango township; Pomona Grange head; Mrs. Andrew Temple, of the Lawrence County P.T.A.; and James A. Fink, vocational agriculture supervisor for the local area.

Starts July 22
National Farm and Home Safety Week will be observed during the week of July 22, and the committee, in addition to arranging a program to make rural residents conscious of accident hazards, plans to make farm safety a year around effort.

The Agricultural Extension Association will send a letter to all rural residents on its mailing list, calling attention to common safety practices which are often ignored, the radio programs of the Vocational Agriculture Department and the Extension Association, will stress farm safety, and throughout the year, will call attention to safety precautions.

Each 4-H Club will devote its program of that week to farm and home safety, and members will place skull and cross bone stickers

on any hazards which come to their attention. Granges will also have programs on the subject.

Rural churches will be asked to call attention to the week, and there will be other publicity features arranged.

List Safety Films

A list of films on farm and home safety will be compiled and P.T.A. groups and Granges will be advised of these films and where they can be obtained for showing at group meetings.

Another meeting of the committee has been called for August 16 in the Extension Office here to follow up the farm and home safety project.

This is the fifth year that farm and home safety has been stressed in the county, and the lessons taught have begun to bear fruit through a reduced number of accidents.

The committee, which is in charge of the program, was appointed by Guy Fullerton, president of the Lawrence County Agricultural Extension Association, and has been doing a splendid job in furthering this worthwhile project.

Bastille Day Is Celebrated In France Today

PARIS, July 14—(INS)—Paris and all France celebrated Bastille Day—the anniversary of independence—today with military parades and festive occasions.

The eve of Bastille Day was marked as usual last night by traditional dancing in the streets. In Paris, 6,000 men of all the armed services paraded down the Champs Elysees in a display of France's newest weapons. There were 700 vehicles, and 100 planes, most of them jets, roared overhead.

One of the features was a new five-ton, 30-mile an hour tank. Another was an armored car capable of high speeds backward or forward. There also were multiple rocket launchers, bazookas and other products of the revived French war industry.

President Vincent Auriol wrote Defense Minister Jules Moch praising the novelty of construction and performances which he said are an honor to French engineers.

Thousands of spectators saw the parade, which observers regarded as an indication of heightened French morale.

Communists plan a parade from the site of the Bastille to the Place de la Nation, with demands for a big five peace conference the keynote of the demonstration. Some disorders are expected.

dirt and dust—another of the many new school facilities.

As for the school itself, the building is 148 feet, eight inches long, 62 feet wide and 33 feet high. There are eleven classrooms, a large assembly room with stage, two offices, a large storage room, a spacious boiler room, two lavatories, janitors closets and wide corridors.

Each classroom is 24 feet by 32 feet. A large window area in each classroom with special diffusing glass installed in the upper three panes of each window. This diminishes the glare of the sun and eliminates the necessity of window blinds.

Asphalt tile flooring is noted in the classrooms, and upper corridors. Terrazzo flooring is installed in the main corridor, lavatories and stairs. Fire resistant doors are placed at the end of the corridors, and all wood trim and doors of the school are of solid birch. The main entrance and canopy of the school, as well as the window on the second floor is of aluminum.

Improved Features

No doubt the school pupils will be pleased to learn of the many new, modern and improved features added for their comfort to the classrooms.

The chalk boards are of green plate glass with green cork boards and aluminum trim. All classrooms have been equipped with the latest germicidal lamps to reduce the communication of childhood diseases and colds. The lighting throughout the building is of the latest approved style. Ample light has been provided for the darkest conditions with shadowless light for the prevention of eyestrain. Each row of light in the classroom has a separate switch. Ceilings of the corridors are of acoustic tile to minimize distracting noises.

New Heating Plant

The heating plant in the school is the latest design of American-Standard gas-fired low-pressure steam boiler. It is extra large and completely automatic to carry the load of future possible additions. Each room has its own thermostat for individual room heat control; and also has a large unit-ventilator which draws large quantities of fresh air into the room. A gas-fired incinerator in the boiler room is for waste disposal.

Plan Open House

Open house will be held immediately after the dedication services on Sunday. Parishioners and interested parents of the school children will note that in addition to the mentioned major features of the school, there are many minor features that add to the convenience of the class pupils and those in kindergarten.

These include, sturdy desks, a special room provided for doctor and nurse to aid the children when ill; two drinking fountains on each floor; outlets and provisions for an intercommunication system; large storage room for school supplies and a large glass-block lighting area at each end of the building to provide sufficient light for stairways.

Pastor Pleased

Rev. Fr. Nicholas DeMita, pastor of St. Vitus church is proud and pleased with his new school. It is for him, the realization of a dream come true after 46 years as pastor of St. Vitus church. A dream fulfilled only with the help of his parishioners of the church.

In the fall, 155 children will file into the new school and take their seats in the first, second and third grades. A grade will be added yearly. Eventually there will be nine grades and a kindergarten. Since the breaking of the ground on March 19, 1950, rapid work and determination has enabled a modern building to be erected in a comparatively short time.

Program Planned

Rev. Fr. Albert M. Inteso and Rev. Fr. Raymond Heintz, assistant pastors of St. Vitus church have assisted Father DeMita in completing plans for the day of dedication. A crowd is expected to attend, what is considered in the parish an outstanding event—the dedication of St. Vitus school.

At 5 p.m. a parish dinner will be enjoyed. Prior to the ceremonies, the Red Coat band will provide music.

The program Sunday is as follows:

I The Blessing and Dedication of Saint Vitus School

Services will begin in the church at 8 o'clock.
Celebrant, Most Rev. John Francis Dearden, bishop of the Diocese of Pittsburgh.
Deacon, Rev. Fr. Nicholas Biondi, pastor of Regina Coeli church, Pittsburgh.

II The Blessing of the Shrine of Our Lady Fatima
The First Grade students and the Sodality will participate.

III The Raising of the American Flag by the Catholic War Veterans
The flags have been donated by the Catholic War Veterans. Music provided by the Red Coat band, under the direction of B. J. Bindi.

IV Speaking Program
Introduction, Rev. Fr. Albert M. Inteso, assistant pastor of St. Vitus church.

Address, Rev. Fr. Thomas Quigley, Diocesan superintendent of schools.
Remarks, Attorney Joseph Leta, parish representative.

Remarks, Most Rev. John Francis Dearden, bishop of the Diocese of Pittsburgh.
Remarks, Rev. Nicolas DeMita, pastor of St. Vitus parish.

V Open House
Inspection of the school by parishioners and interested persons.

VI Dinner in the church hall at 5 o'clock for Priests and Guests

Program Chairman Joseph L. Rocks, has arranged a friendly business meeting for Wednesday noon, when New Castle Kiwanis club will have its weekly luncheon meeting in The Castleton.

Members will be invited to express their opinions on special projects for U. S. F. new members, and Inter club meetings. The remainder of the slides will be shown on the convention, and the mid-year report of the president of Pennsylvania and District Two will be given.

Retired Patrolman Being Quizzed In Death Of Woman

ATLANTIC CITY, N. J., July 14—(INS)—Henry R. Wigglesworth, 46, a retired patrolman, is being held in jail today in connection with the death of a woman in his Atlantic City apartment yesterday. Police said the death followed a long drinking party.

Assistant county physician Dr. Thomas J. Petinga reported this morning that his autopsy disclosed that the death of divorcee Madge Evans, 40, was caused by a brain hemorrhage brought on by blows on the head. He said there also was evidence of additional blows on the face, neck and chest of the dead woman, who worked as a telephone operator in a beachfront hotel.

W.C.T.U.-L.T.L.

Croton Union

Croton W. C. T. U. members gathered in the home of Mrs. Clyde Bishop, Spruce street, for their July program. The following officers for the coming year were elected: president, Mrs. P. G. Grossman; vice-president, Mrs. A. Brooks; secretary, Mrs. Clyde Bishop; and treasurer, Mrs. Ward Sizer.

Mrs. Brooks led devotions, her theme being "Light of Love." A poem was read by the leader, while Mrs. J. Hinkson offered prayer.

A story, written by Walter A. Maier, was told. Another story about Martin Luther's print shop was also presented.

Mrs. T. E. McCreary, the study leader, gave a story, "An Old Woman Who Lived In a Shoe." Other topics followed: "The King Who Made Excellent Men," Mrs. Lois Henle; "One Kind of Freedom," Mrs. V. Van Horn, and "Little Son Makes A Promise," Mrs. McCreary.

Lunch was served by the hos-

tes. Honorary members will be guests at a picnic in August at the home of Mrs. T. E. McCreary, Martin street.

Two From New Castle Enlist In Air Force

Sgt. P. A. Colia of the New Castle US Army and US Air Force recruiting station announced the enlistment of Jack M. Skuba, 220 Hillcrest avenue, and Anthony R. Phillips, RD 8, King avenue, in the United States air force for a period of four years. They have departed for Sampson air force base, Geneva, N. Y., for basic training.

James D. Studebaker, RD 3, Slippery Rock, enlisted in the regular army for a period of three years and has departed for Fort Meade, Md. for initial processing.

WITH NEW CASTLE AFRO-AMERICANS

Members of the P. L. D. Reading circle will meet on Monday evening at the home of Mrs. Lavina Robinson, West State street.

Missionary Circle No. 2, of the Second Baptist church will meet on Tuesday evening at 8 o'clock with Mrs. O'Dessa Jones, West Falls street.

Young Women's Missionary society will meet at the home of Mrs. Martha Hammock, 305 Mahoning avenue, Monday evening at 7:30 o'clock.

Rev. Carrie L. Alexander will be guest speaker at the 11:30 a.m. service in the St. John United

Holy church on Sunday. Tomorrow has been designated as Women's Day in the final rally for the new church building fund drive. Evangelical, Ministerial and Teachers Union of this district will have representatives present from Warren, O., Youngstown and Cleveland at the Sunday afternoon services at 3:30. Lunch will be served to the all-day visitors and a program will be presented. Rev. G. M. Walker, pastor, will be in charge.

Seventh Ward

Pastors To Be Heard On Sunday

Methodist Pastor's Vacation Continues

While vacation periods have made somewhat of an inroad on church attendance in the seventh ward, the various pastors report that the audiences have held up remarkably well over the past few weeks when so many have been out of the city.

Regular morning worship periods have been planned for the Madison Avenue Christian church and the Mahoningtown Presbyterian church while there will be no worship service in the Mahoning Methodist church due to the pastor's vacation period which is taking place this month. The latter group will unite with the Presbyterians for morning worship.

The following services and themes have been announced for Sunday, July 15.

Madison Avenue Christian—Rev. Howard L. Krause, minister. Bible school, 9:45 a. m. Miss Grace Kelly, supt. worship and Lord's Supper, 10:45, pastor's theme, "What is the New Covenant?" 7:45 p. m., Bible study, conducted by the pastor.

Mahoningtown Presbyterian—Dr. Louis A. Worley, pastor. Bible school, 9:30 a. m. William C. Bollinger, supt. worship and Lord's Supper, 10:45, pastor's theme, "What is the New Covenant?" 7:45 p. m., Bible study, conducted by the pastor.

Mahoning Methodist—Rev. Ormel Shindler, pastor. Bible school, 9:45 a. m. Lawrence Godwin, supt. no morning worship, uniting with Presbyterian church.

Little Leaguers Have Good Team

It is learned that the Seventh Ward Little League baseball team

promises to be one of the outstanding teams in the league which is to make its debut in the city next week.

Some of the boys were seen at Flaherty Field during the week and received real encouragement from the older fans who promised their support. Eyes of ward residents will be on the team when it goes into action within a few days. Practice sessions are continuing.

Citizens Prepare For Can Collection

With the announcement that the city will collect cans in the seventh ward on Friday and Saturday, July 20 and 21, residents are getting ready for the invasion of the trucks in the ward.

This being the first collection of the year, many residents who have not had their cans removed previously by private haulers have many cans on hand. To make sure that all cans are taken away by the workmen sent by the city, the cans should be in suitable containers so that little time will be wasted in dumping them into the trucks.

Cans scattered about the yards and lots will not be picked up by the haulers due to the fact that this will slow down their work considerably. The can receptacles should be placed along side of their garage cans where the workmen can find them easily.

This would be a good time to inaugurate a general clean-up campaign in ward back yards. Refuse that is burnable can be disposed of in this manner if residents secure a permit from the fire department and have a competent person in charge of the rubbish fire if such is ignited.

Cooperation of all residents in this collection is asked. This will enable the city to provide this service more often.

Summer Theatre Needs Your Help

Westminster College's Summer theatre will close with "Only An Orphan Girl" a week tonight, and unless those who like summer fare in the theatre come to the rescue it may be the last season for this worthwhile venture.

The offerings have been good this summer, the casts have been competent, but the attendance has been at a point where the financial statement is going to show a red tint unless something is done.

Benefit Production
Prof. Donald Barbe, the director of the Summer theatre is considering an added week's production which will be a benefit week. Priced at \$1.50 per seat, Prof. Barbe hopes to be able to turn the red totals into black.

The Summer theatre has given pleasure to theatre goers for the past several seasons and should be continued. One way of helping to keep it alive is to write Prof. Barbe at Westminster college and tell him that you will be glad to be a part of the benefit week crowd. Enclose no money. Merely tell him you'll be there and if the total is sufficient to warrant the benefit week you will be notified.

The last regular week of the theatre starts Monday with "Only An Orphan Girl". This is strictly an old time "mellerdrammer" with built-in hisses. The audience is expected to hiss the villain and cheer the heroine. And to set the mood for 1890 hissing, special black mustaches will be furnished each of the men attending.

But if the Summer theatre is to continue the benefit week will have to be presented in addition to a good attendance next week.

Old Timers Day Committee Asks Aid In Contacts

Persons interested in the annual Old-Timers Day to be held at Cascade Park on August 15 are asked to help contact out-of-towners who would wish to be present. It is announced by the committee in charge of arrangements.

Post cards are available for those persons wishing to send them. It is reported last year approximately 500 cards were distributed to send out and one of the finest Old-Timers days in recent years resulted.

Many persons have never missed this event in many years that it has been in existence and it is hoped that every one will help

spread the word on the date for this year.

Through these contacts through the people interested the committee feels that this year's event can be another wonderful thing.

Castle Buick Co. Starts New Building In Neshannock Twp.

Construction has been started upon a new sales and service garage in Neshannock township to house the Castle Buick company.

The new building will be 75x200 and is located near Hazlerott avenue on the Wilmington road, north of New Castle.

It will be the first change in location for the Castle-Buick in well over a quarter of a century. The present building, located at the corner of South Mercer and South streets was erected many years ago when L. C. John was head of the company.

For some time the building has been owned by Gene Lebowitz of

Ellwood City. He said Friday that for the immediate present he does not know who will occupy the building but that he has had several tentative offers.

Castle-Buick expects to move into their new quarters in Neshannock township sometime early in October.

Car Runs Over Foot Of South Side Boy

Nathan Lewis, aged nine, of 108

Kroger Stores To Reopen Next Week

PITTSBURGH, July 14.—(INS)—Some 81 Kroger stores in the tri-state area will re-open next week after settlement of labor difficulties which have kept the stores closed for two weeks.

Members of the AFL bakery and confectionery workers union local 12 voted 38-1 yesterday to accept a 15 per cent wage increase and improved working conditions. Previously, members of local 249 of the AFL teamsters union, who had walked out last June 19, decided to obey a court order and to return to work.

The teamsters struck in a dispute involving the working conditions for one driver.

CLINTON B. "Rosy" WHITE NEW WILMINGTON, PA. FOR COUNTY TREASURER REPUBLICAN

By statute a County Treasurer can not succeed himself in office. This being a one term office I am asking you Republican voters for one term only. If you believe with me that it is only fair to rotate your elected county officials I then ask for your vote on July 24. It is my contention that any honest, intelligent individual can properly administer the duties of this office to the satisfaction of every taxpayer in our County.

If you nominate and elect me as your County Treasurer I will not join the much discussed County Pension System.

First Boat Due In Honolulu In Yacht Race

HONOLULU, July 14.—(INS)—The Morning Star, scratch boat in the 2,600-mile trans-Pacific yacht race was due in Honolulu today, expected to be first to finish but not necessarily the winner of the 45-year-old biennial event.

Also due in Honolulu during the day was the U. S. destroyer escort Douglas A. Munro with a crewman of one of the yachts aboard who escaped death by a near-miracle after falling overboard 800 miles offshore earlier in the week.

The crewman, 40-year-old Catalina photographer Ted Sierks, plunged off the yacht L'Apache Wednesday morning and was picked up by the Munro 30 hours later after fighting off sharks from a ring buoy dropped to him from his boat.

The race started July 4. It was believed possible this morning that the Morning Star might break the record for elapsed time set in 1949. However, the actual winner on corrected time may well be one of the last boats to finish.

The 30-foot Sea Witch from San Francisco, with a six-day handicap expected to be a close contender for the crown.

BILLION DOLLAR FLOOD DIASTER IN KANSAS AREA

(Continued From Page One)

and more than 100 firemen are fighting to keep the blaze from spreading to a nearby chemical plant and naphtha storage tanks.

Ordinary protection efforts, such as dynamiting, can not be used because the blast would spread burning oil on the swift-moving flood waters.

At least 23 Dead

At least 23 persons were reported dead in the two-state flood, with many others reported missing.

Many towns and hamlets were isolated by breakdowns in communications and the Missouri-Mississippi river system was at flood stage from Kansas City to St. Louis, a distance of nearly 250 miles.

The flooding in the twin cities area was caused when the swollen Kansas river waters, pouring across vast stretches of Kansas prairies, merged violently with the raging Missouri river, still lapping at bank tops from two previous floods this year.

Yesterday, the flood smashed through retaining walls into the Armourdale and Argentine districts in Kansas City, Kan., nipping at the heels of thousands fleeing for their lives.

May Be Receding

An optimistic note was sounded in Topeka, where weather bureau officials predicted for the first time that the flooded Kansas river may be receding. No rain was forecast in that section for the next 36 hours.

At least 20,000 of Topeka's 110,000 residents were homeless as the Kansas river literally cut the city in two, leaving only two of five rail and vehicular bridges standing.

The three-fourths of a million residents of Kansas City, Mo., were

cautioned to boil all drinking water because flood waters approached perilously close to pumping stations.

Red Cross officials allocated a half-million dollars in emergency funds to help victims of the floods and 44 disaster workers have been assigned to the area.

Drop Supplies

Food and other supplies were being dropped into 111 isolated towns through an air lift organized by officials of the National Guard, the army and the air force.

Air rescue service planes crisscrossed the state in a continual effort to provide emergency communication with stranded communities.

The turbulent waters poured into two other principal cities of Kansas—Lawrence and Manhattan—and residents of Wichita, the state's largest city, were warned that the usually-serene Arkansas river is bringing churning millions of gallons of water in their direction.

Evacuate Passengers

Some 345 passengers stranded for two days aboard the Santa Fe railroad's steamship El Capitán at Cedarpoint, Kan., were evacuated and boarded another train at Newton yesterday.

Several women with children were removed from the train by bus and plane Thursday night.

Meantime, another 300 passengers aboard two stranded sections of the Santa Fe's eastbound Grand Canyon waited for the waters to recede at Emporia, Kan., before resuming their journey.

A Santa Fe railroad bridge at Topeka collapsed, dumping 10 locomotives into the river. The engines had been hauled onto the bridge to hold it firm against the torrent.

V.F.W. Convention Is Concluded With Traditional Parade

PHILADELPHIA, July 14.—(INS)—The Pennsylvania Veterans of Foreign Wars brought their 32nd annual encampment to a close in Philadelphia today with a traditional parade scheduled down the parkway to Independence Hall.

Some 8000 delegates from throughout the state passed a number of resolutions yesterday to climax their three-day convention.

The veterans urged a one-year extension of present rent controls, and called for amending the defense production act so that a G. I. may obtain a home without a down payment. They also opposed any increase in interest in VA home loans.

The convention also demanded additional beds at the VA hospital in Butler, Pa., for veterans suffering from tuberculosis, and asked "acceptance of civil defense activities as a major continuing phase of our national way of life."

Bicyclist Found Injured On Road

Elgie Arblaster, aged seven and a half years, of R.D. 5, East Brook road, was treated at the Jameson Memorial hospital 7:10 o'clock, Friday evening for injuries sustained in a bicycle mishap.

He was found along a dirt road near his home by a neighbor woman, and could not explain how the accident occurred. His bicycle was lying nearby. Examination at the hospital revealed bruise burns of the forehead, arm and leg, on the right side. He was able to be taken home after receiving treatment.

RED RADIO GIVES TEST OF REPLY TO U. N. DEMANDS

(Continued From Page One)

legates would return to the conference table from which they have absented themselves for three days.

'Agree in Principle'

"We agree in principle to your proposal to make Kaesong a neutralized zone," the Communist message said, "and agree to proceed with the peace negotiations after correcting some misunderstandings."

The Red leaders made what appeared to be a minor "face saving" counter-proposal, apparently intended to avoid the impression of complete submission to the UN terms for reopening of the talks.

They suggested that details regarding liaison personnel on both sides be settled "through our delegates" when they meet again. Then they added:

"We do not believe that the question of admission of newspapermen, which is holding up the progress of the armistice conference, has any relation to the question of establishment of a neutral zone."

Accept Demand

The Communist message said Red Liaison officers who met with Allied officers in a preparatory session at Kaesong last Sunday "did not have the authority to discuss establishment of a neutral zone." But the Reds nevertheless accepted Ridgway's demand that the Kaesong area be cleared of all armed forces.

The note, as quoted by the Red radio, termed the question of admitting newsmen to Kaesong "trivial" and said it "should not be a reason to disrupt the conference."

It added:

"We believe that the presence of newsmen at Kaesong, when the conference agenda is unsettled, is in appropriate."

"We maintain that all questions should be settled by mutual agreement. We believe it inappropriate that newsmen should seek news when agreement has not been reached."

"However, we agree to the participation at the conference of 20 newsmen as member of the staff of your five delegates and have ordered that they be accorded facilities."

Broken off Thursday

The talks were broken off by the UN delegation Thursday morning when 20 Allied newsmen were turned back by Red armed guards as they tried to enter Kaesong.

Two hours after the Pyongyang broadcast, Red China's Peiping radio aired the Communist high command's reply to Ridgway in an English-language voice cast at 11 o'clock Saturday night (9 a.m. EDT).

At the Allied advance truce camp, 15 miles southeast of Kaesong, an official spokesman said Ridgway would make no comment. The supreme commander's Tokyo headquarters said there would be no comment "until we have received the properly authenticated message."

Ridgway was informed by his aides of the Communist broadcast, announcing the Red high command's acceptance of his terms.

The Allied delegation, meanwhile, held itself in readiness at the armistice truce camp to return to Kaesong as soon as Ridgway orders it to do so. Up until a late hour, there was no official indication as to whether the history-making conference might be resumed Sunday or at some later date.

The Pyongyang radio was the first to announce the Red reply.

Marshal Tito Warns Italy

Will Not Stand For Any Attempt To Seize Trieste Area

BELGRADE, July 14.—(INS)—Marshal Tito has warned Italy that Yugoslavia will not stand for any attempt to seize the free territory of Trieste and turn it into a "second Fiume."

The Yugoslav dictator, speaking last night at a rally at Titograd, declared that his country will make no concessions to Italy on the touchy Trieste question.

But he added that good will between the two nations could lead to a possible agreement between the two countries.

At present Yugoslavia administers zone B of Trieste free territory and the western allies administer zone A.

Tito, in his speech which was regarded as an answer to recent Italian statements that Italy might go to the international court of justice at The Hague if the allies fail to keep their promise of 1948 to return Trieste to Italy, declared:

"We want the Italian government to understand that no new D'Annunzio can organize hordes and invasions."

This referred to Gabriele D'Annunzio, Italian poet and novelist, who in 1919 led a band that seized Fiume—the Trieste of World War I—while negotiations over its final disposition were still going on.

Doctor Indicted In Connection With Death Of Spinster

BRIDGEPORT, Conn., July 14.—(INS)—Dr. Donald F. Gibson went into seclusion in the custody of his attorney today under a grand jury indictment which charges him with causing the death of his wealthy and elderly benefactress.

The neatly dressed Danbury physician will be placed under arrest Monday on a manslaughter charge connected with the death of Elizabeth May Ayres, a 74-year-old spinster. Miss Ayres named Dr. Gibson the sole heir to an estate valued at \$65,000 to \$100,000 before her death on July 26, 1950.

The indictment was issued at the end of a three-day inquiry by the grand jury, which examined all the available facts and questioned the principal actors in the tangled, year-old case. The special jury has called after a coroner's report, issued last week, accused Dr. Gibson and Dr. Frank Genovese of criminal responsibility for the death.

Eight Thousand Fur Workers End Strike

NEW YORK, July 14.—(INS)—Eight thousand New York fur workers have decided to end their 19-day strike and go back to their jobs Monday.

The strikers, members of the Furriers Joint Council, ratified an agreement calling for a \$3 to \$6 a week wage increase and a reduction from 40 to 37½ hours in the work week of floor workers. Other workers in the fur industry already work the shorter week.

The new contract, effective until February 15, 1955, includes a complete vacation formula, and a wage reopening each December.

Delegates from the 650 companies of the Associated Fur Manufacturers, Inc., approved the contract by majority vote.

WORRIES

LONDON.—(INS)—The National Council of Social Service reported that Britons have more worries now than during the war. A spokesman for the council, which has 530 advice bureaux open throughout Britain, said the bureaux today handle a yearly average of 1,250,000 queries compared with "half that number" during the war years.

Hordes Of Insects Being Battled In Conshohocken

CONSHOHOCKEN, Pa., July 14. (INS)—Harried housewives in Conshohocken battled an invasion today of hordes of thousand-legged creatures that have swarmed over the area during the past week.

Borough Health Officer Charles White, said the inch-long centipedes have overrun the area, infesting kitchens and basements every night, but that officials are wary of using a 25 per cent DDT solution which will kill them, for fear of possible harm to children.

Although the life of a centipede lasts about 56 hours, he said they multiply considerably during that time. They don't harm humans but destroy plants and flowers.

Mrs. Frank Pyle said her white plaster house looked like it was painted brown because it was literally covered with the pests.

"They cling like ants around molasses as high as the second floor," she said. "They are so thickly clustered you can't find space for a pinpoint."

The centipedes emerge from the earth at sundown and return at dawn, because the sun will kill them. White said the pestilence usually lasts from seven days to 14 weeks. He said the unseasonable cool weather last week brought them out of the earth.

FRIENDSHIP CLASS

Friendship class of the Methodist church met in the church Friday evening, July 13, with the president, Mrs. Edward Roberts, in the chair. Devotionals were led by Mrs. George Nicholls Jr. A beautiful poem "Somehow God Answers Prayers" was read by Mrs. Nicholls.

The secretary, Mrs. George Primavere gave a complete report and the treasurer, Mrs. Roy Unangst gave the financial report to date.

The members will enjoy a winter roast August 10 at the home of Mrs. Edward Roberts with Mrs. Robert Ernst as co-hostess. In case of bad weather the affair will take place in the church. The husbands and children of the class members will be special guests.

At the close of the meeting the

hostesses, Mrs. Charles Lowden and Mrs. Sam Phenetic, served delicious refreshments.

White Sox Down Red Sox 5-4 in 19 Innings; Clowns Beat Indians 9-8

Cleveland Indians Outslug Yanks; Dodgers Win Again

By JOHN BARRINGTON
(N. S. Sports Writer)
NEW YORK, July 14.—Don't mess with those White Sox. Beat them in 17 innings in the longest night game in American history and they'll beat you in 19 innings the next night—even if you get yourself two runs in the top of the 19th.

Ask the Boston Red Sox they whacked the White Sox in a record 17-inning game Thursday night, and last night—or, rather, early this morning—they eclipsed that record and then scored twice in the top of the 19th inning.

Know what the White Sox did? They scored three times in the bottom of the 19th, won the game 5 to 4, and drew within three percentage points of the first place Boston.

Day Game Today
What's more, there's a day game scheduled between the two today—if they can drag themselves to the ball park.

Bunts, singles, walks and a fly—everything—figured in the White Sox rally that brought victory with nobody out in the 19th. Harry Dorish was the winning pitcher, Harry Taylor the loser.

And, with the Red Sox getting beaten, the New York Yankees lost no ground, even though they blew a 6-0 lead and lost their night game to the Cleveland Indians, 11 to 8. The Yanks still are a game and a half behind the Sox.

The Indians are just three and a half games back.

Three-run homers by Al Rosen and Jim Hegan gave Bob Lemon the win over New York after Joe Collins had hit a grand-slam homer for the Yanks.

Washington beat Detroit, 3 to 1, and Duane Pillette of the St. Louis Browns held the Athletics to four hits and blanked them, 5 to 0.

Dodgers Roll On
The National league pennant race, if anybody still calls it a race, is doing just fine, meanwhile. The Brooklyn Dodgers still are on top by nine and a half games, having won their eighth in a row in uproarious fashion yesterday.

Second place now belongs to the New York Giants, who wrested the runner-up spot back from St. Louis last night by drubbing the Cards 14 to 4. Considerable help came in the form of two grand-slam homers, one by Wes Westrum and the other by rookie Dave Williams, as Lefty Dave Koslo coasted the distance to get the win.

In the Dodger game, Carl Furillo of the Brooks hit the first pitch of the contest for a home run. It was the second straight time he'd done that. The Dodgers went on to collect five runs in the first and three more in the second.

The Cubs blasted five homers, two by Ransom Jackson, but all they got for their pains was six runs. So the Dodgers won it, 8 to 6.

Robin Roberts pitched a sweet two-hitter to hang up his 11th triumph as the Phils beat the Pittsburgh Pirates 3 to 2. Homers by Tommy Brown and Del Ennis scored all three runs for the winners and offset a two-run homer by Erv Dusak of Pittsburgh.

Right-hander Hoyte Fox threw a five-hit shutout past the Boston Red Sox as the Cincinnati Reds blanked the Braves 2 to 0. Fox himself scored the winning run in the third inning.

Ellwood Tennis Tournery Opens

Seven Of Ten Local Entries Eliminated

Seven of New Castle's 10 entries in the Ellwood City open tennis tournament were eliminated in Friday night play at the Ewing Park courts in Ellwood.

Al Jones, Joe Ross, Danny Montozzi and Bob Jackson survived first round play, but Jackson was later defeated in a second round elimination.

Jones, Ross and Montozzi enter second round play today.

In first round play: Montozzi defeated Malt Moyer of New Castle, 6-2, 6-4. Bob Jackson of New Castle defeated Fred Hasset of Ellwood City, 6-1, 8-2. Emmet Pouders of Beaver defeated Tom Jones of New Castle, 6-4, 6-4. Danny Montozzi of New Castle defeated Earl Fleischer of Ellwood City, 6-3, 4-6, 6-1.

Bob Hough of Ellwood City defeated Ted Lewis of New Castle, 6-1, 6-4. Al Jones of New Castle defeated Bill Lloyd of Ellwood City, 6-1, 6-2. Joe Ross of New Castle defeated Al Jones of Ellwood City, 6-2, 6-1. John Bolivar of Greenville defeated Dave Sturgeon of New Castle, 6-2, 6-1. Emmet Pouders of Beaver defeated Chancery Dean of New Castle, 6-2, 6-4. Earl Tanner of Ellwood City defeated Bob Sturgeon of New Castle, 3-6, 6-3, 6-8.

Miller of Alliquippa defeated Jackson of New Castle (second round), 6-1, 8-0. Montozzi and Ross, both of New Castle, are scheduled to meet in singles today and Al Jones will meet Bud Miller of Alliquippa. All doubles teams will also play today and those entered from New Castle include Jones and Ross, Jackson and Lewis, Moyer and Dean, T. Jones and B. Sturgeon, Montozzi and D. Sturgeon.

Ross-Morelli's Hold Off Bossert 6-2 In City Play

Ross-Morelli again won behind Tony Tuscano, this time over Bossert 6-2, Friday evening at Lehigh Field.

Tuscano, who wins the big ones, picked up his eighth win, in allowing Bossert but four hits. The rugged moundman retired 15 men in a row and completed the game without issuing a base on balls.

Pat Cioppa had two R-M hits, and Phil Richards and Red Ross two-baggers.

Pete Byers contributed two of the four Bossert hits.

Demos the losing pitcher, was touched for seven hits.

DeCarbos Win In City League Baseball Play

DeCarbos made a big splash in city league baseball Friday night. Carm DeCarbos of DeCarbos blanked West Pittsburgh 11-0 at the home of the Gasheusers to bring a halt to a losing streak that had carried through 20 games.

The initial win, a decisive one, was tossed up by Pat Minetti who allowed but four singles; and was led offensively by Carbone and Klenotic who hit safely three times each, and McCune and Prescaro who slammed doubles.

DeCarbos tallied seven times in the third inning after two men were out.

This game was originally scheduled for Sunday, July 15.

Open Speedway At Pulaski On Friday Night

A capacity crowd of approximately 3500 persons were on hand for the opening night program of stock car races at the Pulaski Speedway Friday night.

A New Castle boy, Dick Beaman, posted the fastest time of the qualifying time trials.

Two spills and plenty of skids featured the evening's program. Glen Davis of Sharon rolled his car over and stood it on its nose in the first heat race before it flopped over on its back.

Wink Hastings rolled his car over during the time trials. Both drivers came back to compete in the evening's 25 lap final, which was won by Don Klug of Hubbard.

Results Of Races
First heat race (six laps)—Al Metz, Sr., Masury, O.
Second heat race (six laps)—Mike Somplack, Warren, O.
Helmet Dash (four laps)—Gene Simpson, Sharon.
Third heat race (six laps)—George Sember, Sharpsville.
Fourth heat race (six laps)—Ronnie Crash, Greenville.
Australian pursuit (10 laps)—Gene Simpson.
Semi-feature (15 laps)—George Sember.
Feature (25 laps)—Don Klug.

When Primo Carnera, former world's heavyweight boxing king, steps through the ropes to wrestle Jim Henry, alias the Goon, one of TV's mat stars, July 17 night, it will be Primo's third appearance in this district.

Primo gave a boxing exhibition at Youngstown, and later came to the Arena for a mat bout. Since timing wrestling he has made as much money out of wrestling as he did boxing—which he lost in various ways.

Henry hopes to give the big fellow plenty of opposition in a match destined for one hour, unless it is cut short by a fall.

Girl Wrestlers
People who like girl wrestlers will witness a 30-minute match between Mae Weston, who wrestled at Flaherty field last month, and Lillie Bitters. They will appear, not in a tag, but as said, in a special match which will furnish a line as to "who's who" between Mae and Lillie.

Popular Bobby Ford of Youngstown and Tony Scarpella will wrestle Jack Vanky, a villain of the mat, and Johnny Duimcheck in the tag match. Ford is decidedly popular in Chicago, but being this is near his home town requested he be booked for New Castle.

Second Ward Downs First; Indians At Erie Tonight

Indianapolis Clowns defeated the New Castle Indians 9-8 Friday evening at Flaherty Field in their annual appearance in New Castle.

In the preliminary game the Second Ward downed the First Ward by the same 9-8 score in the opening game of the 1951 New Castle Little Big League season.

The Clowns jumped off to a 2-0 lead in the first half of the first, only to have New Castle tie it up in their half of the inning, when Toles singled, was forced by Kowalski, and Lavigne doubled, scoring Kowalski. Lavigne took third on a wild pitch and stole home for the second run of the inning.

Four Runs, No Hits
Indianapolis scored two in the fourth, three in the sixth and one in the seventh to take a commanding 8-2 lead. Second and third

No. 35 on the New Castle team—a new player named Bud Koonce—kept the approximately 1500 fans in an uproar throughout most of the game.

Bud went to the mound to open the ninth inning, facing King and Bebo. Tut and Bebo put on a rowing act at the end of the seventh and the king followed with a juggling act with "Pepperball" Boyd.

In the Little League preliminary game, the Second ward got off to a 9-0 lead and staved off First ward rally to win 9-8. Welter started for the Second, was replaced by Paul Doran in the fifth, but came back from right field to retire the last batter and cut short the First ward rally.

Tilton and Welter of the Second ward and Leonard of the First ward hit home runs. Welter was the winning pitcher, Kuzma the loser.

The New Castle Indians will be at Erie tonight, Sunday and Monday. They will be at Niagara Falls on Tuesday, Wednesday and Thursday, returning home for a night game with Erie next Friday.

Indians Sign Pitcher; Release Stan Zedalis

The New Castle Indians signed a new pitcher this morning, John McCulloch, a rookie left hander from Joliet, Ill., and released pitcher Stanley Zedalis. It is announced by business manager, Jack Lewis.

Zedalis, in his second year with the New Castle club, couldn't get going this season and at the time of his release had a 2-9 record.

Clown pitchers Lott and Carwell got wild in the eighth and New Castle scored four runs without a hit.

Highlight of the inning was when Carwell, wanting a new ball, threw the old one into the Indian dugout without calling time.

Primos Appearance Tuesday Will Be His Third In District

When Primo Carnera, former world's heavyweight boxing king, steps through the ropes to wrestle Jim Henry, alias the Goon, one of TV's mat stars, July 17 night, it will be Primo's third appearance in this district.

Primo gave a boxing exhibition at Youngstown, and later came to the Arena for a mat bout. Since timing wrestling he has made as much money out of wrestling as he did boxing—which he lost in various ways.

Henry hopes to give the big fellow plenty of opposition in a match destined for one hour, unless it is cut short by a fall.

Girl Wrestlers
People who like girl wrestlers will witness a 30-minute match between Mae Weston, who wrestled at Flaherty field last month, and Lillie Bitters. They will appear, not in a tag, but as said, in a special match which will furnish a line as to "who's who" between Mae and Lillie.

Popular Bobby Ford of Youngstown and Tony Scarpella will wrestle Jack Vanky, a villain of the mat, and Johnny Duimcheck in the tag match. Ford is decidedly popular in Chicago, but being this is near his home town requested he be booked for New Castle.

WHO'S THE BEST?
Asked who was the best golfer in the pro set, Lew Worsham, former National Open champion, says:

"Who's the best golfer in 'our set'? Anybody who can ask that question after watching Ben Hogan is crazy. He's the greatest golfer of all time."

Lloyd Mangrum, another former open champion and leading money winner in 1948, says:

"I could be wrong, but Sam Snead is a better golfer than Ben Hogan, win or lose. He doesn't have Ben's temperance but he can do more things with those clubs."

This, of course, is an argument that could do on and on. Having seen Snead in action, this department would have to be shown before it would admit it possible for anybody to be better.

Then there are a few people still around who remember a guy named Bobby Jones. Guess he was pretty good with those clubs too.

SPORTS SHORTS

Chuck Rea fired a four under par 32 Wednesday night on the front nine in the Sylvan Heights league. This ties the mark set by Sam Snead in his exhibition just one week earlier. Stan Bukowski took two points from Fred Palmer Thursday in the Church league at Castel Hills in one of the top matches of the night. Both golfers shot par 36 on the front nine, but Fred had to give Stan a stroke on No. 8 and that stroke won both match and medal for Stan. Chuck Tanner is staying up among the leaders in hitting in the class AA Southern Association this season.

According to latest averages in the Sporting News, he was batting .327, tenth in the league. It is rumored here that Milwaukee of the class AAA American Association is after Chuck's services.

Both clubs are in the Boston Braves farm system.

Man Injured In Fall Off Hayload
Harold Wallace, aged 54 years, of R.D. 7, Mahoningtown, was treated at the Jameson Memorial hospital at 8 p.m. Friday, for injuries received when he fell from a load of hay.

Examination at the hospital revealed contusions of the shoulder and chest, but no bones were broken.

NCBC, DeCarbos, B&O Pick Up Wins In Mercantile Play

In Mercantile softball Thursday, New Castle Business College handed Universal a second straight loss. DeCarbos won eight innings to edge Bell Telephone, and B & O walloped New Castle Store.

Baseball and Marks hit a homerun and a triple in a feature of the NCBC win over Universal 8-5.

Clause gained the pitching win, Hudson was the loser.

N. C. Business College 8 8 0
Universal 5 7 0

DECARBOS EXTENDED

DeCarbos were extended in league play by Bell Telephone before winning, 8-7 in the extra eighth inning. Headland whose record is now 6-1 was the winner. Book was charged with the loss.

Endress of Bell and Guinaugh of DeCarbos homered and Hiler of DeCarbos tripled.

DeCarbos 8 11 1
Bell Telephone 7 9 1

B & O BLASTS NCS

Bov hit two homeruns and Wilkenson one, and Mozzoca and Murphy hit triples in a B & O extra base barrage against New Castle Store that produced a 20-7 railroader win.

Owens was the winning pitcher and Perry the loser.

Monico hit a triple for the winners.

Public Sale of Real Estate by Administrator

Notice is hereby given that pursuant to an Order of the Orphans' Court of Lawrence County, Pennsylvania, at No. 13 September Term 1951, O.C. that the undersigned, Administrator of the Estate of Joseph White, also known as Josef Bialy, deceased, will offer at public sale on Saturday, August 11, 1951, at 2:00 P.M., D.S.T., to the highest bidder. Sale to be held on the premises.

DESCRIPTION OF REAL ESTATE being as follows:

Parcel One: All that certain piece, parcel or lot of land situate, lying and being in the Fifth Ward, City of New Castle, County of Lawrence and State of Pennsylvania, being Lot No. 113 in Stewart and Galbreath's Plan of Lots, and being more particularly bounded and described as follows:

Bounded on the North by Denver Avenue, on the East by Lot No. 114 in said Plan; on the South by an alley, now designated as Bluff Avenue, and on the West by Lot No. 112 in said Plan. Said lot herein described having a width of forty (40) feet on Denver Avenue and extending back therefrom of even width, a distance of one hundred twenty (120) feet to Bluff Avenue on the South, and being also known and designated as City Lot No. 439 in Section 77 of the Official Survey of the City of New Castle, Pennsylvania, being the same premises conveyed to Joseph White and Mary White, his wife, by John Reare and Zeida Reare, his wife, by deed dated May 23, 1913, and recorded in the Recorder's Office of Lawrence County, Pennsylvania, in Deed Book Vol. 173, Page 488. The said real estate is known by the street address of No. 512 Denver Avenue, New Castle, Pennsylvania.

Parcel Two: All that certain piece, parcel or lot of land situate, lying and being in the Fifth Ward, City of New Castle, County of Lawrence and State of Pennsylvania, being Lot No. 114 in Stewart and Galbreath's Plan of Lots, and being more particularly bounded and described as follows:

Bounded on the North by Denver Avenue, on the East by Lot No. 115 in said Plan; on the South by an alley, now designated as Bluff Avenue, and on the West by Lot No. 113 in said Plan. Said lot herein described having a width of forty (40) feet on Denver Avenue and extending back therefrom of even width, a distance of one hundred twenty (120) feet to Bluff Avenue on the South, and being also known and designated as City Lot No. 440 in Section 77 of the Official Survey of the City of New Castle, Pennsylvania, being the same premises conveyed to Joseph White and Mary White, his wife, by John Reare and Zeida Reare, his wife, by deed dated April 14, 1925, and recorded in the Recorder's Office of Lawrence County, Pennsylvania, in Deed Book Vol. 253, Page 198.

The said Mary White died August 1931, and all right, title, interest to both of the above described parcels of land vested in Joseph White, the surviving husband, by operation of law. Having erected on Parcel One a two-story frame, six-room dwelling in medium repair, Parcel Two being an adjacent vacant lot.

The said sale is made for the payment of the decedent's debts under Order of Court and a report and return of sale will be made to the court on the third Monday, the twentieth day of August, 1951. Terms of sale: Cash, 10% to be paid on date of sale and balance of purchase price on delivery of deed. Administrator reserves the right to reject any and all bids and to continue the sale.

Casket Falls, Mortician Sues

Lowering Device Claimed Faulty

Marshall S. Lucidore, trading and doing business as Lucidore Mortuary of 1317 South Mill street has filed a suit for \$10,000 damages against Oscar G. Thellman, trading and doing business as Oscar G. Thellman Burial Vaults and Service of 509 Sampson street. The plaintiff claims that on June 20, 1951 he was conducting the funeral of the late Anthony Phillips in St. Vitus cemetery. He claims the task of lowering the casket into the vault was the responsibility of the defendant company and that due to negligence, the operator of the lowering equipment, Richard Ryhal, the equipment gave way and the casket dropped on its end. Lucidore asks the \$10,000 to cover the cost of the funeral, \$1200 the balance of the amount asked to cover damage to reputation, embarrassment, inconvenience and discomfort.

SPIRITED BIDDING

When the county commissioners sold some property for delinquent taxes Friday morning a show developed. Two neighbors bid against each other and before the bidding was over there were heated words, tears and hard looks.

APPEAL AUDIT

Joseph Gennaro, Jr., Francis D. Gregg and Nick Conti, road supervisors of Mahoning township have filed an appeal to the audit of the township auditors for the year 1950.

The supervisors claim they are surcharged \$5174.52 due to lack of

invoices, payment to an employee of Mr. Gennaro and improper handling of state funds.

The supervisors claim the invoices are now at hand. In the matter of paying rent for a bull dozer to William Mittica, an employee of Mr. Gennaro's it is claimed the bull dozer was rented during the unusual snow of November 1950. Mr. Gennaro says he never received any of the rent paid for the bull dozer. The claims of the auditors are denied generally.

Complete Plans For Trip To Philmont Boy Scout Ranch

Plans have been completed for the local scout delegation's visit to Philmont Boy Scout Ranch, near Cimarron, N. M., where they will take the "Kit Carson Trek".

The group will leave Ellwood City Wednesday, July 18, and arrive Saturday, July 21. They will begin their trek Sunday, July 22.

Leader of the group is Charles Follette, scoutmaster of troop 21, Ellwood City, and those in addition planning to make the trip are: Don Goehring, Amos Mazzanti, James Harpold, Ronald Follette and John Mackey, all explorers of troop 21, Ellwood City; Harold Aggas, scoutmaster of troop 6, Ellwood City; Charles Anderson, explorer-advisor, troop 21, Ellwood City; Gordon Windl, assistant scoutmaster, troop 43, New Castle; Thomas Jara, explorer-scout, troop 33, New Wilmington; and Joseph Galletta, explorer-scout, troop 48, Bessemer.

This group met at Boy Scout Camp Agawam this week to make final plans.

More than 15,000 Scouts and leaders from 26 nations will camp together at the jamboree which lasts from Aug. 3 to 13th.

Today's Fashion Flash

By PHYLLIS BATTLE

NEW YORK, July 14.—(INS)—Paris fashion potentate Jacques

Fath proved today that the full skirt is coming back—by showing dresses as wide as his reputation.

He also showed arrow-slim frocks "for the women who prefer them." And moderately-flaring models for ladies of moderate tastes.

The "faith in Fath" fashion movement won new support as the designer showed off his fifth collection of clothes styled expressly for American women. As a trend-setter, he officially recommended black and brown as the top color combo of the fall season—with gray, green, navy and rich red as runners-up.

Fath also decreed that stylized buttons are important, bows are returning as high-class trimming, narrow belts are stylish, and the diagonal asymmetric line is about to make big news in dress fastenings, scarf manipulations, collar arrangements and trimming placement.
